Note from translator:

Hi everyone,

This is meefen. School Beauty Personal Bodyguard (SBPB) is one of my favorite novels, so I hope that you guys can enjoy it with me. But before you guys start reading, I must first confess that English is not my first language, so I am not exactly very good at it (especially the grammars), but I am trying my best. So please bear with me if I made any mistake. I hope that my, some what horrible, English does not ruin your reading experience too much.

Really grateful to qidqueen from Reddit, for helping me edit my translations.!!!

Thank you

## Chapter 1 – A Mysterious Mission

“This is your reward for your contributions in North Africa.” Gramps Lin took out two crumpled notes from the rag-wrapped bundle and passed them to Lin Yi, who stared at the notes intently.

Lin Yi had so many questions he wanted answered....The missions he took were always so risky, the enemies were so strong. Even the client benefited greatly from it. Why is it in the end, Lin Yi benefited the least?

Who knows how the old geezer managed to get all those missions for him? Up until now, Lin Yi always narrowly escaped death, but why was the reward always only fifty or a few hundred dollars? The worse part was he would be considered quite fortunate to receive just that amount. There were cases when he was awarded only pocket change for a mission. Whenever he recalled those moments, he felt the urge to cry.

When Lin Yi received the two hundred dollars, which he earned by risking his life, he felt like swearing. Screw you!!!

He learned martial arts from Gramps Lin, who brought him up and trained him for fifteen years. Based on these skills, he should be considered a wenwuquancai (talent that is well versed in term of academic and military skills). If he was born in ancient times and took the imperial examination, he could already be one of the top examinees for both the civil and military examinations. So why is he being ordered around like a part time worker?!.....This is just too cruel...AHHH!!!!

It was rumored that even construction workers in the city earned at least 10k dollars annually ....He haf been worked to the bone every day and only earned 1.8 annually.

“Gramps, is this a joke??? 200 dollars?? I’m really starting to suspect that you’re deducting my pay,” Lin Yi complained. This was not the first time Lin Yi suspected this. But Gramps didn’t look like he was rich since both of them lived the same life style.

“You should be glad that you received some money. Did you think that money can be easily earned??” Gramps Lin rolled his eyes and said in an annoyed tone. “So? Do you want it? You can return it to me if you don’t. It has been a long time since I had a sumptuous meal at the village’s shop.”

“.....” Lin Yi felt like giving this scrawny old man a beating. But he knew that it would just be a one sided beating from the old man.

No one knew exactly how strong Gramps Lin was, not even Lin Yi. During all their sparring sessions, Gramps Lin always held back. Even when there were great improvements in Lin Yi’s martial arts, Gramps would raise his own skills accordingly. Lin Yi always lost to Gramps.

“Alright, you’ve already gained enough experience in these past few years. It’s about time that it’s settled.” Without even opening his eyes, Gramps sat down on the stone bed and started crunching on a plate of nuts. “If you’re able to complete this mission, you will not have to worry about money for the rest of your life!!!”

“Is that the truth?” It was known that ever since Lin Yi was adopted at the age of three, everything that he was taught – martial arts, medical skills and other

knowledge – was to prepare him for an important mission. So Lin Yi had not doubt about the existence of the mission. He only had doubts about the reward that was stated by Gramps. A reward that can make one person rich is too good to be true.

“When have I ever lied to you??” After tossing another nut into his mouth, Gramps said, “So do you want to go? If you don’t want to, I can always choose someone else.”

“Go? Of course I’ll go!!” Lin Yi thought to himself, I would be an idiot if I reject such a good deal!! Complete this mission, and I will not have to work myself to death anymore and can live a life of riches. This is something worth risking my life for.

“Hmm, off you go then. Head to <Peng Zhan’s Group> that is located in Songsan City and look for Chu Peng Zhan. He will brief you about the mission,” Gramps smirked and said, “Think through this carefully. Once you accept this mission, you cannot abandon it.”

“Why? Even if it gets dangerous? I cannot retreat?” Lin Yi was not the kind of person that would accept a mission if it lead to his death.

“Xiao Yi (means small Lin Yi: pet name), I have taken care of you for fifteen years. I’ve provided meals, bought you a laptop and 3G data cards.....” Gramps eyes shot open and started nagging: “All I did is ask something of you. Why is it that you have so many questions? You better not force me!!”

“WTF!!” When Lin Yi heard what Gramps said, he explode in anger: “You did take care of me for the first three years, but when I was six, you made me cook and chop firewood. I even had to sell self-plaited straw scandals to take care of you. You better not force me either!!”

“Don’t think I don’t know that you always snuck around at night to watch porn on the computer!!” Gramps stared and said, “You are the one that forced me to say this.....while you were watching porn, you even....”

“Okay..... I will go.... I won’t abandon the mission. Happy??” Lin Yi face was now very red and he thought, this is so embarrassing. Who would have thought that Gramps knew about my night activities? I must not let him continue to spill anymore of my secrets.

Therefore, under the coercion and inducement of Gramps, Lin Yi packed his bag and took the train to the modern and internationalized Songsan City.

During the train journey, Lin Yi thought, next time I better encrypt the xxx videos and hide them in a folder. Most importantly, I must be aware of my surroundings when doing private stuff.

From the tone of Gramps, he knew that this mission was not an easy one, but he was actually looking forward to it. A mission that will immediately allow him to retire was something Lin Yi always dreamed about. Hmmm. It wouldn't be a challenge if it was too easy.

"Pop!" A pockmark-faced man, who was sitting on the opposite side of Lin Yi, popped open a can of cola. The can's ring was then inconsiderably discarded on the table.

His neighbor, who had a buzz-cut, nonchalantly picked up the ring and started fiddling with it. After a while, he suddenly exclaimed in surprise: "Wah! Wah! First prize!!"

Although Buzz-cut's voice was not very loud, everyone inside the carriage heard it. They started to look at him.

Without a doubt, Pockmarked-face also heard it. When he saw that the award winning ring was in fact the ring that he has just discarded, he showed a weird expression: "Give it back, that is mine....."

"How do you know that it is yours? Is your name written on it??" Buzz-cut clutched the ring tightly in his hands and exclaimed: "Or is your name First Prize??"

"No....My name is not First Prize.... But the award winning ring was discarded by me...." Pockmark-face cowered in fear when he saw Buzz-cut's enraged face. But since he did not want to lose what was supposedly his, he rebutted in a trembling voice.

"Well, according to you, the ring was discarded by you. Since you have discarded it, whoever picked it up after that should be the rightful owner," Buzz-cut snorted in disdain.

"Eh, why are you so unreasonable?" Pockmark-face panicked, and looked at

the man with the spectacles (going to call him spectacles from now), Lin Yi's neighbor, who was sitting directly opposite him and asked, "Sir, you look like an intellectual person. Can you help access this situation? How can he be so unreasonable?"

"Who is being unreasonable?" Buzz-cut was now enraged and so he too faced Spectacles and exclaimed, "Sir, so who do think this should belong to?"

"Oh...." Spectacles adjusted his spectacles, paused for a while and said, "I am a university professor. Since both of you trust me, I will tell you my evaluation of the current situation."

"Sure, please do!" Pockmark-face and Buzz-cut both agreed and started staring anxiously at the university professor, Spectacles.

"Logically, since it was his can's ring, it should belong to him (Pockmark-face) ...." Spectacles paused for a while. Pockmark-face started to laugh when he heard that. Buzz-cut panicked, but before he could say anything, Spectacles waved his hand and stopped him and continued, "But.....since he (Pockmark-face) discarded it, and it was picked up by him (Buzz-cut), rightfully it should now belong to him (Buzz-cut) ...."

"But you also mentioned that it should be mine," complained Pockmark-face when he heard what Spectacles said.

"I feel that it will be best if both of you share the prize. Then it will be fair to both of you!" advised Spectacles.

"Share...." When Buzz-cut heard this, he hesitated for a moment, cringed and said: "Sure, let's share it then."

Buzz-cut must have realized that his stand was clearly tenable, so he accepted Spectacles advice. Pockmark-face nodded and agreed too. Since the ring was in Buzz-cut's hand, he was worried that he would not get a single cent if he disagreed.

"Good. Since both parties agreed with me, then the prize will be shared equally," Spectacles took the can from Pockmark-face and said: "As stated here, the First prize is 100k and after the 20% tax reduction there will be 80k left. Since the collection of the prize is a hassle, the one that is going to collect the

prize should just pass 30k to the other party. Are both of you alright with this arrangement?"

"OK!" Pockmark-face was happy as long as he received some money, so he agreed, "I will take the 30k. You can go and claim the prize."

## Chapter 2 Scam

“Erm....” Buzz-cut looked troubled. He searched his pocket and continued: “I don’t have that much cash with me. Why don’t you give me 30k and you can go collect the prize!”

“I don’t have cash with me either! This is a problem.....” Pockmark-face frowned and said, “Do I look like a person who has 30k with me?”

“Professor, please help us think of a solution, both of us do not have that much cash with us!” Once again Pockmark-face requested help from Spectacles.

Spectacles pondered for a moment, then he said, “Why don’t I give both of you 30k each, and I will go collect the prize.”

Pockmark-face and Buzz-cut faced each other for a moment and felt that it would still be a good deal since they could still receive 30k, and replied: “Sure, we agree!”

A pleased expression could be seen on Spectacles’ face as he reached for his bag to get the money, but that did not last long. Soon, he started to panic and started to search his bag more frantically. Sweat started appearing on his forehead, and finally he said, “This is so unfortunate, I didn’t bring that much cash with me when I left home. I only have 30k. I doubt that you will be satisfied with just that. *Sigh* the money that is about to be mine just disappeared. Why am I so unlucky!!?”

“Ah?” Both Pockmark-face and Buzz-cut were stunned. How are they supposed to split the prize money if none of them have enough cash with them? Pockmark-face got impatient and asked: “Professor, you are a smart person, can you please think of a solution.....”

“Er..., why don’t you guys ask someone else for help.....,” replied Spectacles while looking at Lin Yi who was sitting beside him, “Young lad, this is a really rare opportunity. Do you have any cash? If you give each of them 30k and collect the prize, you will be instantly 20k richer. I have never seen a simpler way to earn money. *sigh* If only I had enough money.....”

Lin Yi had been observing the three of them for a while. It was obvious that the three were accomplices. Pockmark-face and Buzz-cut were playing the victims while Spectacles played the mediator.

Lin Yi may have grown up in the mountain, but he was not an idiot. He clothes may have been old fashioned, but there were few who could be compared to him in terms of intelligence, not to mention these three mediocre con artists.

“Me?” Lin Yi replied in surprise as he pointed to himself and said: “Are you sure you want me to do it??”

“Of course, now this opportunity is in your hands!” Spectacles replied to Lin Yi, who asked about the opportunity instead declaring that he has no money. Most of the time when that happened, there was a high possibility that Lin Yi would take the bait.

Just when Lin Yi was about to say something, he felt someone kick his leg. As he look towards that direction, he saw a very beautiful girl looking at him. From her looks, she could have been around Lin Yi’s age.

The girl was very fair and her skin soft and delicate. Although she never stood up, Lin Yi estimated that she was at least 1.65m tall; which is consider quite tall for a girl.

Ever since she boarded the train, she had been listening to her MP3 player. So Lin Yi, who wanted to flirt with her to release his boredom on the train, never found a chance to start the conversation.

But at that very moment, the girl was looking at Lin Yi anxiously, as if she

wanted to say something but couldn't because she was worried. So she hinted Lin Yi with her eyes.

Naturally, Lin Yi knew that the girl was trying to prevent him from getting scammed. He felt his heart warm. He was reminded of the saying that the city's people were all very self-centered. As long as it did not concern them, they would not give a damn about it. That meant that this girl was really kind hearted since she wanted to help him.

Lin Yi's impressions of the girl got better. Beauty was an important trait for a girl, but if she was too vicious, no one would like her. At least, that was Lin Yi's standards for girls.

"Cough cough!" Buzz-cut seemed to have noticed the girl actions, so he started coughing and stared at the girl in the eye. The girl turned pale and looked down.

Lin Yi saw everything but he was bored and still irritated because of Gramps. Since there were these three idiots, he decided to vent his frustration on them. There was no way he was letting this opportunity slip by.

Even after the girl started to look down, she was constantly warning Lin Yi by nudging his legs. However, Lin Yi chose to ignore her and pretended that it did not happen.

"I don't have that much. 49k is all I have!" Lin Yi exclaimed ignorantly.

Pockmark-face and Buzz-cut's eyes began to shine when they heard that Lin Yi's response. But they still continued to act, made a bitter face, and replied, "Only 49k? Isn't that too little? How much can each of us get?"

"49k divide by 2 is around 24.5k...." Buzz-cut replied after calculating.

"24.5k?? Sounds fair. I am fine with that amount, how about you?" Pockmark-face nodded in agreement.

"Sure then, since you are fine with this arrangement, there is no reason why I should not agree." Buzz-cut also nodded in agreement and said, "Pass me the money then."

Lin Yi opened his bag and extracted a bundle from it. And began unwrapping

the layers of cloths, revealing the notes inside.

“Here is the 49k, this is all I have.....please confirm the amount,” replied Lin Yi honestly, “Now please pass me the ring!”

He received the money from Gramps. Apparently that was all the living expense Lin Yi was going to get, and he was supposed to survive with that much for the next couple of years. This was just too unreasonable. Lin Yi was sure he had helped Gramps earn a huge sum of money in the past few years. As a matter of fact, Lin Yi was sure his actual reward from the recent assassination mission in South Africa was definitely over 10k.

Why was it that when he left, Gramps only managed to dig out 49k from the drawers? Gramps even claimed that was all he had and requested Lin Yi to spend them thriftily.

This made Lin Yi really confused. Was gramps really poor or was that all part of his act? He found it really hard to believe that Gramps was rich since there was no reason for Gramps to live poorly with Lin Yi if he was rich.

“Alright, alright!” exclaimed Pockmark-face and Buzz-cut as they grabbed the notes from Lin Yi and passed him the can ring.

Lin Yi immediately kept the ring in his pocket. It was as if it was a precious gem and he was worried that he would lose it.

When the girl saw Lin Yi got scammed, she let out a sigh. She was speechless when she saw Lin Yi’s expression, who looked as if he just struck a really good deal.

Now that the scam was a success, the three scammers returned to do whatever they were doing previously, and pretended that they did not know each other.

---

# Chapter 3

---

Translator: meefen

Editor: qidqueen

Chapter 3 Wang Xin Yan

The girl stop nudging Lin Yi's leg and resumed listening to her MP3.

"Songsan Station. Passengers who are getting off please get ready. The train will be stopping at this station for 15 mins." When Lin Yi heard the broadcast he began to prepare himself to leave the train.

Surprisingly, the girl beside him was also packing her belongings into her bag. Apparently she was also leaving at Songsan Station.

Lin Yi glanced at the girl when she stood up and verified that she was around 1.65m tall.

When Lin Yi left the train, he was awed by the gorgeous structure of the train station. It had been 10 year since he visited this place. The change of Songsan was tremendous.

"Excuse me!" A sweet voice called out to Lin Yi. He stopped and turned towards the direction came from.

The source of the voice was the girl who sat beside him in the train. She waved her hands as she rushed towards him.

"What is it?" Lin Yi was quite good looking, but he wasn't naïve enough to think that the girl would fall in love with him at first sight, especially with his

current villager outfit – dull yellow pants and white shirt. He looked just like a farmer who came to the city to look for a job.

“Are you sure you want to exchange that for the prize money?” said the girl fumingly. She was angry since Lin Yi ignored her warnings back then on the train.

“Oh, you mean this?” Lin Yi took out the can ring and casually threw it onto the street floor.

“AH?!” This time it was the girl’s turn to be dumbfounded. She had never expected Lin Yi to do such a thing.

“You .....Did you just throw it away?” exclaimed the girl as she pointed at Lin Yi with her mouth wide open.

“You knew that was a fake???” When the girl heard what Lin Yi said, she was stunned. As she stared at Lin Yi, numerous questions flashed in her mind. What’s going on? He bought it even though he knew it was a fake? Is he crazy? In her eyes, Lin Yi didn’t look like one of the weird rich people who look for something to pass time.

“Of course I knew. Even if I didn’t, you reminded me back then on the train!” said Lin Yi.

“If that’s the case, why did you still give them the money?” The girl was now very curious about what kind of person he was.

A smile broke on Lin Yi’s face. He put down his bag, unzipped it and showed it to the girl.

The girl glanced at Lin Yi once before bowing her head to look at what was in the bag. To her surprise, there were 7-8 stacks of money.

“Are you very rich? Even if you are, you should not be that wasteful. ” The girl misunderstood Lin Yi and thought that he was showing off to her.

“This is the money I earned just now. ” Said Lin Yi

“The money from just now? What do you mean? ” The girl was very confused, “Do you mean you took back the money? But wasn’t there only 49k? There was at least 70-80k here right? ”

“That’s because I also took the bespectacled man’s 30k when I took my money

back. He had no idea what happened.” Said Lin Yi as he shrugged his shoulder. Such trifling stuff was nothing to Lin Yi. It was easy as pie to him.

“Ah? ” This time, the girl was seriously dumbfounded! Lin Yi was not crazy, he is just too skilled. Not only did he retrieve his money, but also the scammer’s money.

“What is with you expression? Don’t tell me you want to report my theft?? Your sense of justice is pretty strong” Lin Yi smiled and started to tease the girl who was showing a dumbfounded face.

“Of course not,” The girl blushed and started shaking her head.

“Anyway, I am really grateful to you for your help. Nowadays there are not a lot of girls like you out there.” Lin Yi said sincerely, “May I invite you to a meal?”

“No thanks .....” The girl shook her head, “My family is waiting for me at the lobby.”

When Lin Yi heard her rejection, he did not insist. He knew that the art of wooing a girl was a very sensitive issue. The Time Place Opportunity (TPO) must be right. If you are too forceful, it may turn out really bad. ”Oh, sorry then for taking up your time”

Wang Xin Yan (the girl’s name) stared at Lin Yi’s back view as he walk away. She shook her head and thought, if my mother was not waiting for me outside, I wouldn’t mind hanging out with Lin Yi.

That didn’t mean she harbored feelings for Lin Yi. It was simply because he was just too different. To have so much money in his bag and not store in the bank. Even though his clothes were very old fashioned, but he had a strange temperament.

“Sir, are you looking for lodgings? It is cheap .....”

The moment Lin Yi exited the train station, he was surrounded by the hotel hustlers. Farmers are the main customers of these small hotels. The rich will not even consider these small hotels, and those large hotel do not even need hustlers.

Lin Yi wave his hands to reject their offers, squeezed out of the hustler’s

encirclement and proceeded towards the taxi stand. Lin Yi held onto a piece of paper that contained the address given him by Gramps.

He boarded a taxi and the driver asked him passionately: "Where to? "

"To this address." Said Lin Yi as he passed the piece of paper to the taxi driver.

The taxi driver always hung out around the train station. So he knew that Lin Yi was not local, and was probably here to look for a job. He wanted to cheat some money from Lin Yi since he wasn't familiar with the roads. But when he saw what was written on the piece of paper, his face turned green.

Written on the paper was, "Songsan City, 36<sup>th</sup> Promising Road, Peng Zhan building. Distance from train station: 11.2km, Take the New Bi-Ring Bridge Route."

How was he going to cheat his money? Not only was the route stated, but also the distance to the destination. Why was he going to Peng Zhan Building? That is one of the biggest companies in Songsan City, and it was definitely not somewhere a farmer should be. Did he know someone inside??

The taxi driver sighed, placed the paper aside and started driving honestly.

Songsan's traffic was very good and there were a lot of bridges, so it did not take long before Lin Yi reached his destination. He paid the 24 dollar taxi fare and exited.

Looking at the towering building in front of him, Lin Yi felt a bit light-headed. It looked like it was even taller than the mountain near his house. It seems like the client was indeed a wealthy individual. Maybe Gramps was telling the truth after all.

Then Lin Yi started wondering whether he would survive the fall if he jumped down from the top floor. Although he did end up with a lot of bruises and had to be bedridden for a few days, he did survive the fall from the top of the mountain when Gramps threw him down.

Lin Yi double checked the address and the building's name to make sure he was at the right place before walking towards the building.

---

# Chapter 4

---

Translator: meefen

Editor: qidqueen

## Chapter 4: Who are you looking for?

“Sir, who are you looking for?” The moment he stepped into the building, he was stopped by the building’s security guard.

“Give me a minute, I need to check.” Lin Yi was impressed with the standard of the big cities. They even had security guards. But then again, even Er Gouzi is stronger than this guard.

Er Gouzi was Lin Yi’s childhood playmate. Er Gouzi may not know martial arts, but he was very strong. He could even kill a bull with a single punch. In the eyes of Lin Yi, the security guard could not be compared to Er Gouzi, or even the bull.

Lin Yi fished out a piece of paper from his pocket, took a glance at it and replied: “I am looking for Chu Peng Zhan.”

“Chu Peng Zhan? Who is that? Why does that name sound so familiar??” Murmured the guard.

“The President!!!” The older guard beside him reacted to the name. Apparently, he knew who Chu Peng Zhan was. He quickly tugged on previous guard’s sleeve and said, “Watch what you say. If the leader heard that, you might get fired!”

“Ah!” The first guard was shocked when he heard what the older guard said. His eyes widened. He regretted what he just said and thought to himself, That’s just great! I don’t even know president’s name. To not know the name of the person I am supposed to protect, I really fail as a security guard.

However, when he noticed Lin Yi’s attire, he rolled his eyes and felt relief. One person was the President of one of the top 500 companies in the world, and the

other was a worker from the country side. There was no way they knew each other.

Maybe this brat was from one of the construction sites and was here to file a complaint to the President? When the guard thought of this, he started to be more vigilant; the reason was he saw a movie two days prior called 15 Thousand Debt. In the movie, a worker approached the President and demanded money from him.

When he thought about the film, both security guards found themselves staring at each other. Apparently, both of them were thinking about the same thing.

“What business do you have with the President?” The old guard cleared his throat and stared at Lin Yi sternly. He was worried that Lin Yi would get violent.

“I am not the one that wants to look for him. My gramps was the one who told me to look for him.” Lin Yi replied lazily. He didn’t care who the client was. They were the ones who needed his help.

“Eh? Who is your Gramps?” When the two guard heard what Lin Yi said, they began to be more certain about their speculation that he was here to demand for money. The worker in the movie also claimed that he was looking for the President on his brother’s behalf.

“Well, let’s skip the pointless chatter. Tell me where he is or I will look for him myself!” Lin Yi did not want to waste his time talking with the guards. He wanted to meet the client ASAP.

“The president is not present, please leave....” After glancing at Lin Yi once more, he was now very sure that Lin Yi didn’t know the President. Therefore, he decided to chase him away.

Lin Yi could not be bothered to entertain the guards anymore. He knew what they were thinking. They must be looking down on him because of his attire.

“Since he is not here, then I will just wait for him inside!” Snapped Lin Yi. Then he started walking towards the company.

“Stop there, you are not allowed to enter!!!” The two guards did not expect Lin Yi to force his way in, and they hurried to stop him.

At that very moment, the elevator's door opened, a slightly stout middle-aged man and a somewhat dark and thin middle-aged man walked out of the elevator.

"It is about time, why has Xiao Yi still not contacted me yet... Li Fu, you should have already seen his photo right? Why don't you drive to the train station to fetch him." The slightly stout middle-aged man instructed the dark and thin middle-aged man.

"Affirmative, president Chu. I will get going." Replied Li Fu respectfully.

Right before Li Fu left, Chu Peng Zhan frowned when heard the commotion at the entrance. He then instructed Li Fu: "Before you leave, have a look at what is happening."

"What's wrong?" As Li Fu walked towards the entrance, he saw two security guard trying to stop a young lad from entering the office building.

"Uncle Fu, this person claims that he's here to see the President. He even tried to force his way in....." Replied the security guards when they recognized Li Fu.

Li Fu might not have a proper position in the company, but he was the closest person to the president. If Li Fu had an official title it would be the President's chauffeur.

Everyone in the company knew Li Fu was not merely a chauffeur. So that was the reason why the security guards treat him respectfully as a leader and not just as a chauffeur. Sometimes, Li Fu could even speak in behalf of the president.

"You....." When Li Fu saw Lin Yi, he eyes widened in surprise and asked. "If I am not mistaken, are you Lin Yi?"

"I am." Lin Yi looked at Li Fu and nodded his head. Ever since Li Fu appeared, Lin Yi had been observing him. Intuitively, Lin Yi was sure that this person was not Chu Peng Zhan. As the president of a company, it would be natural he would have a dignified vigor. But Li Fu did not have that. He may be solemn and was respected by others, but ones vigor does not change easily.

"Nice to meet you!" Li Fu knew exactly how much Chu Peng Zhan valued this young man. Without much delay, after he verified his identity, he reached out to shake Lin Yi's hand. "I am the President's secretary, Li Fu. I was about to go to the station to fetch you. We didn't expect you to be already here."

“It doesn’t matter. Just treat it as familiarizing myself with the road.” Lin Yi smiled and shook Li Fu’s hand. Lin Yi was that kind of person that would respect anyone as long as they respected him. But when Li Fu got too polite, Lin Yi got a bit embarrassed instead.

“The president is right over there. Please come this way. I will bring you to the meet President Chu,” Li Fu then respectfully led the way.

The two guards from before were now staring at Lin Yi’s back with their mouth wide open.

“He’s the President’s guest??” Murmured the security guard.

“Li Fu personally came down to guide him. It can’t be wrong!” The old guard sighed, “We almost offended him. Luckily Uncle Fu came before we threw him out, or else we would be in serious trouble”

While he was being guided by Li Fu, Lin Yi noticed the slightly stout middle-age man who was standing at a distance. If he was not wrong, that person was the person he was looking for, the President of the <Peng Zhan Group>, Chu Peng Zhan.

“You must be Lin Yi?” When Chu Peng Zhan saw Li Fu and Lin Yi walking over, he hurried to greet him while stretching out his right hand.

Chapter 5: Why does it feel like a match making session?

Lin Yi smiled and shook hands with Chu Peng Zhan. Lin Yi had no problem with social etiquette. “Nice to meet you, Mr. Chu”

Lin Yi was overwhelmed by how sincere Chu Peng Zhan was. This was the first time he encountered such a sincere client. Although he was requested to execute a particular mission, why is the president of one of the top companies treating him like an equal? This made Lin Yi really curious.

“Mr. Lin! I know that you may feel troubled, since you have to lower your dignity to do this task.....” said Chu Peng Zhan after hesitating for a while.

As the talk with Chu Peng Zhan got more and more outrageous, even the thick-skinned Lin Yi started to feel embarrassed and said, “It doesn’t demean myself. Back there, at home, I could only earn a few hundred by selling the self-plaited straw sandals; furthermore, Gramps said that this mission’s reward will be able to last me a lifetime..... ”

Lin Yi thought, this client was kind. He is the one who is paying me to do the mission, and yet he is so sincere. Unlike some people who will immediately start ordering him around after they paid him.

“What? Plait straw sandals?” Chu Peng Zhan was stunned. He carefully observe Lin Yi, and wonder whether did he mistaken him for someone else. What did Lin Yi just say? Don’t tell me elder Lin made him plait straw sandals to earn money? Chu Peng Zhan was now speechless. He had heard his father talk about Lin Yi’s exploits. Just the recent South Africa mission’s reward should amounted to a few hundred million USD. Why is he selling self-plaited straw sandals to earn money?

“Yup, one pair of straw sandals cost 4 dollars, just by plaiting 3-5 sandals every day, I will be able to earn a few hundred in a month.” Lin Yi nodded his head, he also felt that something was wrong. Gramps does not seem like a poor man.

Chu Peng Zhan knew that this was not his business, so he could only shake his head reluctantly when he heard what Lin Yi has to say. “You will be paid 30k a month. It includes the school fee and your daily expenses. Money spent on my daughter can be claimed from Li Fu.”

“30k?? I though Gramps said it was only a few thousands?” Lin Yi was somewhat taken aback.

Can this be true? Such a high salary? If only I knew about this earlier, I would not even bother bringing the money, thought Lin Yi when he remembered the grumpy face of Gramps when he passed him the money. “What a minute, Mr. Chu, what did you just say?? Schooling? School fee? The money spent on your daughter? What do you mean by that? I don’t really understand.....”

Lin Yi was now very confused. What did Chu Peng Zhan mean? Wasn’t he called here to execute some mission?

“Oh?? Elder Lin did not brief you about the details? Then please come this way, I will explain the situation to you in detail upstairs.” Chu Peng Zhan smiled, and they walked side by side to the elevator.

Lin Yi had completed all sorts of weird mission over the past few year, and although he was puzzled about what Chu Peng Zhan said, so he was not surprise by it.

Chu Peng Zhan was now his employer, even the pay was high, so when walking with Chu Peng Zhan, Lin Yi slowed his pace so he would be walking behind Chu Peng Zhan. However, Chu Peng Zhan also slowed down his pace to match Lin Yi’s.

Naturally, Lin Yi noticed that and that surprised him. Why was Chu Peng Zhan being so friendly? Although Lin Yi was very curious, he did not voice out his question since this was their first meeting. They had not been acquainted with each other, so it would be awkward to ask such questions. But that was not a problem. Lin Yi should be able to find out the answer eventually.

Chu Peng Zhan's office was at the top floor of the building. It was approximately 200 sq. meter, large windows cover one side of the room, causing the room to be brightly lighted.

After accompanying Chu Peng Zhan and Lin Yi to the office, Li Fu left immediately to instruct the secretary Xiao Yu to get some drinks for them.

"Mr. Lin, what would you like to have?" Xiao Yu got to know Lin Yi surname from Li Fu earlier.

"Plain water will do." Most of the time at home Lin Yi only drank plain water, so it became a habit.

Xiao Yu paused for a while, but still smile and said, "Sure, please wait". The reason why she did not ask President Chu was because he always took the same drink every day.

"Mr. Lin, from today onwards you will become a high school student, Li Fu will enroll you into <Songsan First High> year 3 class 5. You are going to be in the same class as my daughter Chu Meng Yao. You are to escort her to school and back home. In addition to that, you have to look after her and supervise her studies.....In order words, you are to keep her company.....For the past few years, I have been neglecting my daughter. I feel really guilty, so I want to have someone whom she is comfortable with to keep her company.....This is the real reason why I got you to come.....You are about the same age as her, so you guys should have some common interests to talk about right? " Chu Peng Zhan said with a smile on his face.

Lin Yi is now speechless. Find someone whom she is comfortable with?? Care for her?? Common interest?? This can't be right?? Is this the mission that can let me not work for the rest of his life??? Why does it seem more like he is looking for a husband for his daughter? Don't tell me that girl has some physiological problem and no one wants to marry her, and I am here to play that role?

"Mr. Lin, are you alright??" When Chu Peng Zhan saw Lin Yi astonished expression, he knew what Lin Yi was thinking about. "I thought that elder Lin would already have told you the mission details. But that doesn't seem to be the case?"

"Mr. Chu, please just refer to me as Lin Yi. Mr. Lin is just too awkward." Lin Yi

gave a bitter smile and said, “To be honest with you, I really didn’t know the detail of this mission when I came over. Gramps only told me that this is a very important mission and if I complete it, I can retire and won’t have to work anymore.”

“Retire and don’t have to work anymore?” Chu Peng Zhan was a bit stunned when he heard Lin Yi. But immediately, he broke into laughter: “Hahahahaha, true, elder Ling told you the truth. The reward of this mission is enough for you to spend in your entire lifetime.”

“But.....” Lin Yi was still really confuse about the job specification: “What exactly is this mission???”

“I thought I have already brief you earlier? Accompany my daughter, study with her. Of course, you are also in charge of her safety. Do not let anyone bully her.” Explained Chu Peng Zhan.

“Study buddy? Babysitter?” Lin Yi could not find any better words to describe the job.

“Uh.....That’s another way to put it.” Nodded Chu Peng Zhan. Before Lin Yi could say anything, some document were passed to him, “This is the information about <Songsan First High>, please familiarize yourself with it.”

Lin Yi nodded his head helplessly and received the documents. Is this really a high level mission?? Were some important details left out??

In the past, Gramps once told him to go rescue one person.....but in the end, it was not a single person, but a bunch of them.....

Never mind. The pay was good and the risk was low. Even if I have to be young mistress’s lackey, I will just treat this as a vacation.

<Songsan First High> might be called First High school, but it is in fact a private secondary school. The name was not changed when it was bought over. Chu Peng Zhan’s <Peng Zhan Group> is one of the three major shareholders.

That was the reason why Lin Yi, who had not even attended primary school, could enrolled into the school that easily. Lin Yi might have not attended a school before, but from the internet, he know how difficult it is for a countryside person to study in the city.

“Ok, I will do my best to accomplish this job.” Nodded Lin Yi, after he briefly skimmed through the documents.

“Chu Meng Yao might have a short temper, but she is not a bad child at heart.” When Chu Peng Zhan smile bitterly when he mentioned this. “You are very talented, so you should be able get along with her.”

Get along with her? Lin Yi does not expect himself to be able to get along with this young mistress. He was not looking for a girlfriend, why did he have to get along with her? Although Lin Yi feel that way, he said: “I will try my best.”

Chu Peng Zhan noticed Lin Yi perfunctory action. He smiled and called out to the door, “Li Fu, Yao Yao’s (Chu Meng Yao) class is about to end, why don’t you bring Mr. Lin over so he can familiarize himself with the environment there.”

“Mr. Chu, please call me Lin Yi, Xiao Yi is fine too. It feels really awkward if you call me Mr. Lin.” Said Lin Yi.

“Okay, I will call you Xiao Yi, since I am your senior. You should stop calling Mr. Chu then, call me uncle Chu will do.” Nodded Chu Peng Zhan, and didn’t dwell on this issue.

Lin Yi nodded and followed Li Fu to take the elevator down to the building carpark.

## Chapter 6

---

Hi,

Thank you for reading my translation. I realize that people are asking about my release schedule. So here it is....

I will be doing 2 regular chapters and 1 sponsor chapter per week (probably on sat or sun, or as soon as qidqueen (my editor) send it back). Sponsor chapter will be release together with regular ones when the donation pool is met. Pool is updated manually, so please be patient.

Haha!! I will be very grateful if you can donate.

Chapter 6: shield

Numerous luxury cars could be seen in the carpark, everything from Mercedes-Benz, BMW to a limousine. One could easily tell that most of them were the employee's personal car, since there were a lot of decals on them.

From these, you could tell that <Peng Zhan Group> pays their employee very well. It would seem that his 30 grand salary was not a lot after all.

Under the guidance of Uncle Fu, Lin Yi reached a very well maintained blue 728 Bentley 06 edition. Lin Yi could not tell whether the car was newly bought or was the driver just very careful, since it looked very new.

"Mr. Lin, please get on the car." Said Uncle Fu as he pulled open the front passenger seat's door.

"You want me to sit on the front passenger seat? Then what about young mistress ...." asked Lin Yi after some hesitation.

“Young mistress always sat on the rear seat.” replied Uncle Fu, “She has a bag, so it would be inconvenient for her to seat at the front.”

Lin Yi nodded in agreement as he got onto the car. Uncle Fu then drove the car out of the underground carpark. They were sent off respectfully when their car passed by the security post at the carpark’s entrance.

Uncle Fu was a very seasoned driver. Unlike Lin Yi, who had only learned how to race, Uncle Fu was a law abiding driver. Lin Yi did not have a choice since he was taught by Gramps; if you cannot win a fight, it is not your fault, but if you are caught because of that, then you deserved it.

Because of that, Lin Yi learned quite a few retreating methods. But Lin Yi only had to apply these methods when he was fighting with Gramps. If it was with someone else, usually they were ones who do the retreating.

“Mr. Lin, do you know how to drive?” Uncle Fu asked, the silent Lin Yi beside him, when they stopped for the traffic lights.

Uncle Fu had been driving for a long time. He could normally tell whether a person knew how to drive from his/her action in the car. Since there was little reaction from Lin Yi, he decided to pop him the question.

“A little,” replied Lin Yi. Being the new guy, he wanted to be modest.

“Do you have a driver’s license?” Uncle Fu did not question how much was ‘a little’. He knew how much the president trusted this person.

“Nope.” Said Lin Yi as he shook his head. Although he knew how to drive and may even have racing experience overseas, he did not have a license: “I just turned 18. I still haven’t gotten the chance to get one.”

“Good, pass me your identification card. I will make one for you. In case I am busy, you can fetch young mistress back home.” Said Uncle Fu.

The car stopped near a very luxurious looking school. But it did not drive near the school. The car must have been too flashy, and it might not be good influence if the students saw it.

From the documents Lin Yi was handed, he understood that <Songsan First High> is a private high school. But unlike an elite private school, it accepts

student base on entrance exams results. There might still be a few rich family's son and daughter who got in using connections, but most of the student here got in with their own skill.

Since there are three major Groups/companies supporting <Songsan First High>, everything of the school, from facility to the staff were way better than the other school. That is why the school managed to maintain the 100% promotion rate for the past few years.

Lin Yi understood that the '100%' was not an accurate representation. This is due to some rich and spoiled students who still got into university, using their parent's power, even if they did not score well enough.

Just then, a very familiar school bell sounded. When Lin Yi heard it, he got a little spaced out. It had been a very long time since he last heard such a sound. The reminiscing only lasted a while, he snapped back into attention and started observing the school's parade square.

Not long after, students started pouring out of the classroom blocks. Not all of them were wearing the school's uniform. That was because the school was not very strict with the attire of the students as long as there was no important event.

"That is young mistress." Said Uncle Fu as he pointed at a particular girl in the group of students that just walked out.

Lin Yi looked at the direction uncle Fu was pointing at. She was a tall and beautiful girl. Although there were others girls beside her, at one glance, Lin Yi knew for sure, that is the young mistress uncle Fu was referring to.

Chu Peng Zhan previously mentioned that Chu Meng Yao was the campus belle, and therefore, she must be the most beautiful one among them, unless Lin Yi sense of beauty was wrong.

There was another girl beside her who is equally beautiful, but was slightly shorter, thus she did not match the profile. But without a doubt, that girl also has the potential to become the campus belle. She would definitely look stunning when she grows up.

As Chu Meng Yao and the other girl walked towards the car, a few male

students could be seen trailing behind them.

“Meng Yao, please wait a minute .....” Said one of the male students as the group tried to obstruct Chu Meng Yao way, “Meng Yao, I am serious about wanting to get into a relationship with you, can you give me a chance!!”

Chu Meng Yao frowned, looked at the male student in front of her in disdain, “Zhong Ping Liang, how many time do I have to tell you that I am not interested in you. So can you stop bothering me?”

“But .....” Zhong Ping Liang wanted to say something, but Chu Meng Yao pushed him out of the way.

Chu Meng Yao then hurried over to the car. But to Lin Yi’s surprise, when she opened the door, the girl that was with her boarded the car with her.

“Zhong Ping Liang is so irritating. He comes to bother me every single day? Doesn’t he get tired of it?” Grumbled Chu Meng Yao when she got into the car. Suddenly, she noticed Lin Yi presence who was sitting at the front passenger seat and asked in surprise, “Who are you?”

“Nice to meet you, I am Lin Yi,” Lin Yi knew that young mistress had a short temper, so he tried his best to look as adorable as possible.

“Lin Yi? Uncle Fu, why is he here?” asked the confused Chu Meng Yao as she look at Lin Yi.

“Young mistress, this is the study buddy which president Chu employed for you .....” explained uncle Fu

“Study buddy?? Who needs one? What I ask for is a shield (something like a fake boyfriend to keep the boys away). Look at him, how can he be my shield? Can he even keep anyone away from me? ” exclaimed the panicked Chu Meng Yao as she glance at Lin Yi. What is this guy wearing? Over size vest and torn pants. This is basically a worker-in-city outfit. Some workers were never dressed this shabby.

Uncle Fu started to sweat profusely. He looked at Lin Yi helplessly, and when he saw that there was no reaction form Lin Yi, he let out a sigh of relief. Being the closest person to Chu Peng Zhan, he knew how much effort was put in just to get Lin Yi to take up this job. Even Chu Peng Zhan’s father had to personally

help out.

# Chapter 7

---

Translator: meefen

Editor: qidqueen

Chapter 7: How Lin Yi resolved the problem

“Young mistress. Mr. Chu said that Mr. Lin Yi is a very talented man. Not only is he strong, he is also smart. He should have no trouble being merely a shield.....” Explained Uncle Fu.

In order not to worry Chu Meng Yao, her father concealed a lot of things from her. He even ordered Uncle Fu to not tell her anything. Lin Yi may have been asked to care of Chu Meng Yao studies and life, but there was a hidden agenda which was related to a promise made by the elders in the family....

If they decided to find a study buddy for Chu Meng Yao all of a sudden, she would most likely disagree. Fortunately, Chu Meng Yao was having trouble coping with the guys who wanted to date her. So she went to Chu Peng Zhan to ask for someone she could use as a shield to discourage the others from approaching. Thus, Lin Yi was recommended to Chu Meng Yao.

Now....Uncle Fu was starting to regret not giving Lin Yi a complete makeover before coming over. Uncle Fu had seen Lin Yi's photo and Lin Yi looked really energetic in it. The only problem was his current outfit, it is just too....

“Him?” Chu Meng Yao found it hard to see what was so special about him. Don't tell me he was one of the construction workers who was employed by his father?

On the other hand, the girl beside Chu Meng Yao was giggling nonstop while covering her mouth. Because of Lin Yi's current outfit, she too found it hard to believe that he was capable of being Chu Meng Yao's shield.

“Xiao Shu, what are you laughing at?” Snapped Chu Meng Yao as she stared at her. Initially Chu Meng Yao was already very angry with her father. When she

saw her best friend giggling, she got even angrier.

After receiving a scolding from Chu Meng Yao, Chen Yu Shu stuck out her tongue and shut her mouth. But that did not stop her from gazing at Lin Yi curiously.

“Uncle Fu, ask him to get off the car. I don’t want him.” Chu Meng Yao frowned. She did not want to argue about this issue anymore.

“Young mistress, President Chu is very confident that Lin Yi is capable of performing the task. He has already signed the contract.....” Basically, Uncle Fu was trying to hint to Chu Meng Yao, that Chu Peng Zhan had already made up his mind, and there was nothing she could do to change that.

“Ah?” Chu Meng Yao blinked her beautiful eyes as they started to become teary. ‘What was father thinking? If it had to be him, I would rather not have a shield. It is just too embarrassing to have him around.’

Originally Chu Meng Yao was planning to declare to everyone that the shield was her boyfriend if he looked decent. That would have been the best method to shoo those annoying flies away. But, from the looks of it, it was not going to happen.

‘Even if I claim that this bumpkin is my boyfriend, no one is going to believe me. In fact, Zhong Ping Liang is going to laugh his head off.’

Lin Yi got a serious headache when he heard their conversation! “Shield?! Don’t tell me this girl is really looking for a boyfriend? No wonder the conversation with Chu Peng Zhan was so weird. Is he looking for a son-in-law???”

“Alright, that boy has been constantly pestering me. You will pass my test if you can teach him a lesson.” Chu Meng Yao rolled her eyes, and made a plan. If this person could not solve the problem, she would be able to use that as an excuse and get her father to fire him for being incompetent.

“Him?” Lin Yi nodded his head. He left the car, and walked towards Zhong Ping Liang.

“Chu Meng Yao, why does she reject all my attempts to invite her to a date. If it was some other girl, she would have already accepted long ago” Grumbled Zhong Ping Liang to his lackey.

“Zhong Jr (Zhong Ping Liang), Chu Meng Yao is not just any girl. She is the young mistress of the <Peng Zhan Group>.It is normal that asking her out is difficult!” Said one of the Zhong Ping Liang lackey.

“Of course I know that, you don’t have to remind me!” Zhong Ping Liang waved his hand and said: “I must persevere.....” But before Zhong Ping Liang could finish what he had to say, he spotted a poorly dressed young man walking towards him.

Lin Yi hurried over to Zhong Ping Liang side. Without saying anything, he lashed out his leg and it came into contact with Zhong Ping Liang’s ass. The kick sent Zhong Ping Liang crashing forward onto the ground. Lin Yi then turn and returned to the car.

Zhong Ping Liang was happily sharing his experience of his pursuit for Chu Meng Yao with his lackey, when someone suddenly kicked him in the ass causing him to fall face down on the floor.

“Who? Do you have a death wish?! ” Zhong Ping Liang struggled on the floor for some time before he stood up and started shouting.

“It was a worker .....” Replied Gao Xiao Fu immediately.

“What are you guys waiting for?? Chase after him!! ” Zhong Ping Liang was shouted furiously: “Catch him and beat the crap out of him!!”

“Zhong Jr, he is already long gone .....” When Zhong Ping Liang got kicked, everyone was too worried about him to notice that the worker is no longer there.

“Fck!” Cursed Zhong Ping Liang: “I remember what he looks like, we will make some posters and get people to look for him at the construction side. A mere worker dares to kick me. I am so going to kick him out of Songsan City!! You better watch it!!!”

“Yao Yao, did you see that?? This Lin Yi is quite fierce. He even dares to kick Zhong Ping Liang ” Chen Yu Shu was staring out from the car and saw the whole incident happen.

“He is just a lunatic!!! ” Even Chu Meng Yao didn’t expected Lin Yi to do that, she even thought that it was an ingenious move. Regardless of that, Chu Meng

Yao had already made up her mind about kicking him out. No matter what he did, he was still going to fail.

“Yao Yao, why don’t you just let him stay?” Advised Chen Yu Shu.

“Xiao Shu, whose side are you on???” Chu Meng Yao stare at her and asked: “Don’t tell me you have fallen for that worker??”

“No!!” Chen Yu Shu shook her head and said: “Yao Yao, I am pretty sure that is you!”

“If you didn’t fall for him, then why do you want to let him stay? To embarrass us?” The puzzled Chu Meng Yao shook her head.

“No!! Think about it, no one dares to defy Zhong Ping Liang in the school. Now there is a person who is not afraid of him. Don’t you think that things will start to get interesting? ” Chen Yu Shu explained cunningly: “If the two of them are busy fighting, then Zhong Ping Liang will not have time to pester you anymore!”

“Fight? Did you think Zhong Ping Liang is someone he can mess around with?? ” Chu Meng Yao went straight to the point: “He is a worker! Zhong Ping Liang is going to kill him! ”

“Yao Yao, why are you so stupid?? If you want to hit a dog, you also have to first know who its owner is. Do you think Zhong Ping Liang will dare to do anything if he knew you are supporting him??”

---

# Chapter 8

---

Translator: meefen

Editor: qidqueen

Chapter 8: How did you fool my daddy?

“That sounded reasonable. Alright, he is allowed to stay.” Chu Meng Yao felt that Chen Yu Shu’s explanation was quite reasonable. So she agreed and asked: “Uncle Fu, did you get an insurance plan for him? In case something happens to him...?”

“Insurance??” Uncle Fu was stunned and thought, ‘There is no way someone chosen by President Chu can be so weak.’ But he still replied: “Don’t worry, everything is in order....”

At that moment, Lin Yi returned back to the car and sat back onto his seat. He looked at Chu Meng Yao and asked: “So? Are you satisfied?”

“You barely made it.” Chu Meng Yao snorted.

Lin Yi smile and sat back at the front passenger seat. He did not bother to say anything else. He knew from experience and from the web, that women are complicated creatures. So he does not see the need to argue with Chu Meng Yao.

When Chu Meng Yao saw that Lin Yi just smiled and kept silent after that, she felt her anger flare up again. She was expecting Lin Yi so say some words or gratitude. Nowadays, competition in the society is very strong. There were even cases of university graduates having to resort to scavenging to survive. She felt that, since Lin Yi found such a good job straight after he entered the city, he should be happy.

“Hey, are you not going to show some gratitude?” Asked Chu Meng Yao when

she could not withstand it anymore

“Show gratitude? Gratitude for??” Asked the confused Lin Yi.

‘Didn’t I just help you kick the person, who was pestering you? Shouldn’t it be you that needs to show gratitude? Why should I be the one that needs to show gratitude?’ Thought Lin Yi.

“I....” Chu Meng Yao is very furious. ‘Why is this person so stupid? Here I am trying to hint to him, why does he not understand it? Does he not know how to treat his employer???’

“\*Giggle... What Yao Yao meant was, shouldn’t you thank her, now that she has accepted you??” Chen Yu Shu gave a sly smile as she explained what Chu Meng Yao was trying to hint?

“Xiao Shu, what are saying?? When did I accept him??” When Chu Meng Yao heard Chen Yu Shu words, she was shocked. Those words were just too suggestive. Why does it feel like she had just accepted a marriage proposal??

“Nope, what I meant was, you have accepted him as your shield!” Chen Yu Shu giggled.

“Oh, thank you.” Replied Lin Yi. Truthfully, other than the job specification, he was still quite satisfied since the pay is high.

“You are welcome....” Snapped Chu Meng Yao. She was quite disappointed with Lin Yi’s inability to access the situation. ‘How is he going to be my shield? He look so dumb.’

“Yao Yao, bye bye, see you tomorrow. You too, shield-ge (shield brother)” The car stop at a villa door step, Chen Yu Shu wave goodbye to Chu Meng Yao and winked at Lin Yi before leaving the car.

Shield-ge?? Lin Yi gave a bitter smile. What a weird name.

Chen Yu Shu lived very near Chu Meng Yao. In fact, their villas were directly beside each other. The car took a turn and arrived at Chu Meng Yao’s villa.

Under the influence of Chen Yu Shu, Chu Meng Yao decided to accept this worker. But when she saw the worker also unloaded his luggage and walk towards the villa, she exploded: “You...why are you following me?”

Lin Yi halted and turn to ask uncle Fu: “Am I not staying here?”

“In your dreams. No man has ever set foot in my villa!!” Exclaimed Chu Meng Yao with her hands on her waist.

Uncle Fu wiped off the sweat on his forehead and thought: “No man? What am I.....It may be fine if I am treated like a eunuch, but how will President Chu feel if he heard what she said?”

When Chu Meng Yao saw Uncle Fu wiping his sweat. She finally realized that she had made a terrible mistake. She immediately corrected herself: “What I mean is, no man, excluding family member, has set foot in!”

“Young mistress, President Chu has instructed that you to treat Mr. Lin as if he is your brother.....so, from today onwards, Mr. Lin is going to staying in this villa.” Explained Uncle Fu carefully, since he knew exactly how bad this lass’s temper was.

“What!” Chu Meng Yao’s eyes widen, and pointed at Lin Yi with an astonished expression: “Him? My brother? You have got to be joking with me!! Uncle Fu please bring him away. It doesn’t matter where he stays!”

“I am afraid I have no say in this. Young mistress, this was President Chu’s direct orders. Why don’t you.....” replied the trouble uncle Fu. He was only a chauffeur. Chu Peng Zhen may trust him very much, but even he will feel trouble when he is pressured on both ends.

“Fine, I will ask father personally!” Chu Meng Yao fished out a Nokia E7, the latest phone in the market. She bought it not long ago with Chen Yu Shu during the promotion.

Lin Yi was somewhat envious of Chu Meng Yao when he saw the phone. ‘Should I get one too? It would be very inconvenient when I need to make a call, if I don’t have one.’

“Daddy, this is Yao Yao!” Chu Meng Yao called out in a cute voice. Her voice made Lin Yi shiver. He never know a girl void could be so seductive.

“Yao Yao? What is the matter?” Chu Peng Zhan was currently attended a meeting at the office. But when saw that it was his daughter, decided to pick it up.

“Daddy, this is about the shield you have found for me. Did you find him at the farmer’s employment agency?” Chu Meng Yao was a little angry. This was the first time her father had treated her like this.

“Are you referring to Xiao Yi? Haha, daddy went to a lot of trouble to get him to come over. He is not only smart, but his martial arts are also very strong. Most importantly, he has a very good character!” Said Chu Peng Zhan as he laugh.

“What!!” Chu Meng Yao was now very confused. ‘What did this person feed my father to make him praise Lin Yi so much?’

When Chu Peng Zhan heard his daughter voice, he thought she was just acting spoiled. He said: “Hehe, how is it? Are you satisfied with Xiao Yi?”

“Satisfied? Why would I? Let’s not mention his outfit, but for him to be my shield, he should at least not be an eyesore.” Complaint Chu Meng Yao: “And, daddy, why did you instruct him stay with me?? I am a girl, it is not safe for me!”

“Right, this is all for your safety. How can I let my girl stay in the villa alone? Daddy is worried about you, that’s why I let Xiao Yi accompany you. You don’t have to worry, Xiao Yi will keep you safe!”

“I.....He.....” When Chu Meng Yao heard what her daddy had to say, she was speechless.

Before she could continue, Chu Peng Zhan continued: “Alright, Yao Yao, daddy is in the midst of a meeting with the company’s mid-level leaders, let’s talk some other time.”

Before Chu Meng Yao could say anything else, the line was cut off. Chu Meng Yao gritted her teeth and stare sternly at Lin Yi: “Tell me, how did you fool my daddy?”

Editor: qidqueen

## Chapter 9: Mighty General

Uncle Fu excused himself and left for the office to fetch President Chu. But before he left, he passed Lin Yi a bag, and told him it contained his school uniform and the textbooks.

“Young mistress, please contact me if you need any help. Dinner will be delivered at 7pm.” Said Uncle Fu before he hurried off.

Chu Meng Yao had no idea what to say to this guy in front of her. ‘I can’t possibly kick him out, and let him live on the streets, can I? My father is famous as a philanthropist. It will not be appropriate if his daughter mistreating her employees.’

Just when Chu Meng Yao was feeling really annoyed, she remembered the root of this problem. She took out her phone and dialed Chen Yu Shu phone number: “Hi, Xiao Shu, my dad asked this worker to live in my villa, what am I supposed to do???”

“Yao Yao, do mean shield-ge?? Nice, tomorrow I will announce to everyone in school that both of you have already cohabited. That way no one will pester you anymore!!” Cheng Yu Shu replied in an uninterested tone when she heard what Chu Meng Yao said. She was currently watching the television while lying comfortably on her bed.

“Chen Yu Shu!!!” Chu Meng Yao exploded and roared at the phone: “You are too irresponsible. How can you gloat at this situation when you are the one that

asked me to let his stay? You, come here, now!! ”

“Oo, alright, I will be showering soon, then I will go over after I wake up tomorrow.” Said Chen Yu Shu lazily.

“If I don’t see you here in a minute, then that is the end of our friendship!” Said Chu Meng Yao firmly.

“Aiya, I am currently nude so I still have to put on my clothes.” Grumbled Chen Yu Shu as she stood up from her bed. But instead of putting on her clothes, she started admiring her figure on the mirror and thought: ‘Hm, did I put on some weight? I guess it is time to go on a diet.’

“50 seconds left!” Declared Chu Meng Yao as she looked at the call’s duration.

“Aiya, I still have to lock the door right?” Said Chen Shu Yu as she rushed to put on her clothes.

“40 seconds!” Chu Meng Yao continues the count down.

“Alright alright, I am coming!” Chen Yu Shu putted on her shoes and rushed out of the door.

Distance between Chen Yu Shu’s villa and Chu Meng Yao’s is only 10 meters. Their villa, which were facing each other, was separated by a small road.

When Chu Meng Yao saw Chen Yu Shu figure from afar, she sighed with relief and hung up the phone.

“Yao Yao, what are you up to? I just got naked and was preparing to go shower when you called.” Grumbled Chen Yu Shu.

“\*Cough!” Coughed Chu Meng Yao. She pointed at Lin Yi and said: “Xiao Shu there is someone else here, please watch what you say!”

“Aiya, does it matter?” Said the laid-back Chen Yu Shu: “Since it is shield-ge, isn’t he one of us?”

“Ok, if that is the case! Why don’t you just let him stay at your house?! ” Chu Meng Yao was very unhappy when she saw Chen Yu Shu gloating.

“Uh....” Chen Yu Shu stuck out her tongue gave an innocent smile: “Yao Yao, you know me, I have the habit of stripping naked. It will be very inconvenient if

he is there,”

“So is it convenient if he stays at my house?” Chu Meng Yao started to silently scold Chen Yu Shu in her heart.

“Eh, simple.” Chen Yu Shu shook her head and said: “Yao Yao, why don’t you let him stay in your villa, you can come over and stay at my villa. Doesn’t that solve the problem?”

“Nn, true!” Chu Meng Yao was glad Chen Yu Shu finally said something useful.

But, Chu Meng Yao was still not very reluctant. ‘How can I let a worker live in my villa? On what basis? What if theft happens?’

“No way! I refuse to let him live alone in my villa!” Said Chu Meng Yao through her gritted teeth.

Chen Yu Shu was troubled. Previously, it was purely out of mischief when she asked Chu Meng Yao to allow him to stay. Who knew it would come back to bite her? Likewise, Chen Yu Shu also disliked the idea of letting Lin Yi stay at her villa.

After much hesitation, Chen Yu Shu came up with a compromising solution: “Why don’t we do this? I will move in too. Since your room is on the second floor, we will let him stay on the first floor and prohibit him from going up.”

When Chu Meng Yao heard Chen Yu Shu’s suggestion, she too felt that that was the only solution. So she nodded her head reluctantly: “Alright then, let’s do that!”

This was not the first time Chen Yu Shu stayed at Chu Meng Yao’s place, so she was very familiar with the place. Lin Yi on the other hand, took his time and followed them in.

Lin Yi could tell that Chu Meng Yao was hostile to him. But when he remembered Gramp’s solemn request and the trust from Uncle Chu’s eyes, he didn’t let it bother him too much. Chu Meng Yao is a girl after all. It shouldn’t be taken for granted that she would not want to stay with him.

“Oi, what is your name?” Asked Chu Meng Yao as she sat down onto the sofa and stretched her legs.

“My name is Lin.....” replied Lin Yi as he walk towards to the sofa. He stood at

the entrance for a very long time, so he was quite tired. But before his ass touch the sofa, he was stopped by a voice.

“Stop! Don’t sit!” Screamed Chu Meng Yao as she stared at Lin Yi.

“Your pants are so dirty, you will dirty the sofa!! Xiao Shu likes to lie on it while she is naked.” Said Chu Meng Yao as she frowned.

Chen Yu Shu rolled her eyes and thought: ‘Yao Yao, why do you have to be like this?? Just when you just reminded me to watch my words’

Lin Yi was not bothered by her remarks. It was a long day. His clothes were indeed very dirty. Dirtying the sofa was a small matter. He was worried that it would cause that beauty to develop some skin problem.

“Ok, please continue.” When Chu Meng Yao saw Lin Yi stood up, she sighed in relief.

“My name is Lin Yi” said Lin Yi.

“Ok, Lin Yi. You will sleep in that guest room. I will be staying upstairs with Xiao Shu, so you must never set foot upstairs. Or I will ask daddy to fire you.” Chu Meng Yao didn’t feel very confident when she said that. For some reason, she feels that her father must have been cheated by Lin Yi, so she added: “If you dare to go up, I will get Mighty General to bite you to death!!!”

“Sure.” Lin Yi nodded his head. When he heard Chu Meng Yao’s last remark, he got confuse and asked: “Mighty General? What is that?”

When Chu Meng Yao heard Lin Yi’s question, she shouted: “Come down here, Mighty General!!”

“Woof woof——” A series of barks could be heard from the second floor. Shortly, a vicious looking Rottweiler came running to Chu Meng Yao’s side and started staring at Lin Yi attentively.

---

# Chapter 10

Chapter 10: Stupid idea

Lin Yi felt ridiculed. He had even killed wolves when he was executing missions in the mountains. A Rottweiler was nothing to him

“Behold! This is mighty general. For your information, he is very powerful. So u better not go up, or I will tell him to bite you. ” Threatened Chu Meng Yao.

“Alright. ” Lin Yi nodded his head.

Believing that he was afraid of Mighty General, Chu Meng Yao felt pleased when she saw Lin Yi ’s cautious face. She then grasped Chen Yu Shu’s hand and ran upstairs. Mighty General was left to guard the stairs.

Lin Yi picked up his bag and took a glance at Mighty General. It immediately started to shiver and took a step backwards. It was as if Mighty General saw a very dangerous person.

Lin Yi was not in the mood to play with the dog, so after staring at it for a while, he continued towards his room.

The room’ s layout was very simple. Although there was only a bed, a desk and a wardrobe, that was all Lin Yi needed. In fact, he did not even bring a lot of clothes. What surprised Lin Yi the most was the fact that the room had its own private toilet.

After Lin Yi unpacked his luggage, he took out a towel and headed for the toilet. After everything today, he was already covered in dust.

Since it was only 6pm, Lin Yi decided to take a shower before Uncle Fu delivered the dinner.

Up till now, Lin Yi is very satisfied with the working environment. Not only can he live in a hotel-like room, but also receive 30k as salary. He doubt that he can ever find a better job than this. It beats having to plait straw scandals for gramps.

..... .

“Xiao Shu, I am starting to regret making that decision. That Lin Yi doesn’t look like someone who can play the role as my shield,” grumbled Chu Meng Yao to Chen Yu Shu after she changed into a set of home wear.

“I think he looks alright. ” Chen Yu Shu laid on the bed and placed her legs against the wall in a parallel manner (She heard it would make her legs slim).

“What do you mean alright? Originally, I wanted to find a hunk to be my fake boyfriend. Now I got this country side bumpkin!! I will most likely be a laughing stock if I ever bring him out.” Chu Meng Yao gritted her teeth: “If you think that he is alright, why don t you be his girlfriend.”

“I am not the one with the problem, so I don’t need a shield. Otherwise, I might actually consider about it.” Said Chen Yu Shu as she shook her head.

“You have a brother who is an officer in the army. Of course no one dares to mess with you. If I had a brother who could snap a tree in half with a single kick, then I wouldn’t even need a shield!” Chu Meng Yao knew Chen Yu Shu was trying to irritate her, but why was she not the one who had a brother?

“Yao Yao, why don’t I ask my brother to help you look for a god-brother from his unit?” Said Chen Yu Shu as she blinked her eyes cutely. “ Or, if you want, a boyfriend??....If that is the case, then Zhong Ping Liang won’t even dare come near you.”

“Xiao Shu! ” Chu Meng Yao stared at Chen Yu Shu when she heard her started to drift off topic: “Not another one of your silly ideas! I asked my father for a shield and look what kind of person he got me! Can he even be my shield? And here you are, suggesting the silly solution of a love-brother that sounds so terrible??”

“Ok ok. I won’t say anything.” Chen Yu Shu decided to stop talking about it once she found out that Chu Meng Yao was really angry. It was her idea after all

– for Chu Meng Yao to get a shield. So she was partially responsible for the current situation... ..

When Uncle Fu delivered dinner, Lin Yi just finish his shower. He look through the bag and realize that he didn't have a single decent outfit. Lin Yi could not help but complain to himself. 'Why can 't Gramps just get me some new clothes?'

Lin Yi could foresee that if he wore his own clothes, they will still be deemed dirty by Chu Meng Yao, and he will once again be not allowed to sit on the sofa. Lin Yi had no choice but to take out the school uniform from the bag which he received from Uncle Fu.

Lin Yi's new image surprised Chu Meng Yao and Chen Yu Shu! Before that, he was unkempt and he wore a shabby vest and oversized pants. After showering, he looked very decent in the school uniform. If compared to just now, he seemed like a different person.

However, their first impression of Lin Yi was just too bad, so Chu Meng Yao would never admit that Lin Yi was handsome. To her, he simply got a little more pleasing to the eye.

Uncle Fu delivered 4 dishes and 1 soup. One fish-flavored pork, one boiled fish, one fried cabbage, one stir fried spinach & fungus and lastly mushroom soup

Not only was there meat and vegetables, but the food smelled and look nice. It had been a very long time since Lin Yi had such a sumptuous meal. When he saw that Uncle Fu was also preparing his portion, he received it from him and sat down at the table.

Just when Lin Yi was about to start eating, Chu Meng Yao got a bit unsatisfied: "What are you doing? Xiao Shu and I haven't even started eating, and you want to start eating! From now on we shall eat first. You can have the leftovers."

After she said that, she turned and headed for the kitchen. She had the habit of using silver cutlery, she developed the habit when she stayed with her grandfather when she was young. She is currently getting her personal cutlery set from the kitchen.

Lin Yi could only smile at Chu Meng Yao's overbearingness. As he stared at the

delicacies on the table, he could only swallow his own saliva. Luckily Lin Yi still had his rice, so he quickly ate a few mouthfuls of it. Due to eating too fast, he choked. “Is there anything to drink?” Asked Lin Yi in an ambiguous voice.

Chen Yu Shu found him quite amusing when she saw that he looked like a severely starved person. She pointed at the fridge and said: “Drinks are over there, just get anything you like.”

“O.” Lin Yi turned back and saw the large fridge. It was filled with all kinds of different drinks. Lin Yi took a bottle of orange juice and drank some of it. He felt better after that.

Chu Meng Yao returned from the kitchen with her cutlery and started chatting with Chen Yu Shu.

“Wah, boiled fish! My favorite!”

“This fish-flavored pork is too sweet, doesn't the chef know how fattening sugar is? I should get father to fire him next time!”

“Nn, this fried cabbage is nice, Xiao Shu, you should taste it too!”

Chu Meng nagged as she ate. These dishes were made by one of <Chu Peng Group> hotel's head chef, and every day, Li Fu will timely deliver the food here.

Chu Peng Zhan is very busy, furthermore, Chu Meng Yao's mother left the house when she was very young. No one knew the reason, not even Chu Meng Yao. Her father refused to tell her the reason.

So, Uncle Fu took care of Chu Meng Yao daily needs.

Chapter 11: indirect kiss

“You can have this fish-flavored pork!” Chen Yu Shu also tried a piece, when she heard what Chu Meng Yao said, and too found it sweet. She was on a diet, so she should not be eating something this sweet. And so the rest of the dish was push to Lin Yi.

Lin Yi couldn't care less. He would feel overjoyed as long as he got to eat meat. It does not matter whether it was sweet or sour. After such a tormenting day, Lin Yi was famished, so he started gobbling down the food as soon as the dish was passed to him.

‘Tastes good. This is way better than the village’s shop. The appearance and ingredient were all exquisite, it cannot even be compared to the village’s shop auntie’s sweet sour pork. Why are the rich young mistresses so picky??’

Chu Meng Yao picked up a piece of boiled fish and tasted it. Her face turn red instantly due to the spiciness, and she stuck out her tongue while she used her hand to fan her mouth: “So spicy! Got to like this feeling. Is there water?? ”

She turn her head and saw a bottle of orange juice on the table. Without saying anything, she grabbed the bottle and starting gulping down the juice. After she drank half the bottle of juice, she said: “Nn, now it feels much better!”

Chen Yu Shu took a glance at Lin Yi, at the bottle of orange juice and finally at Chu Meng Yao. She was really shock about what just happened. Lin Yi, on the other hand, just stared at Chu Meng Yao blankly. He thought, ‘didn’t know city girls are so open. The sight of her lip on opening, gulping down my bottle of juice looks so alluring’.

Chu Meng Yao was still savoring the taste when she realized Chen Yu Shu’s

looks of disbelief. Immediately, she felt that something was wrong and asked: “Xiao Shu, why are you staring at me??”

“No....nothing.....” Chen Yu Shu sighed. Knowing Chu Meng Yao’s temper, she dare not to tell her the truth, fearing that she will do something outrageous.

“Then why are you staring at me??” This had made Chu Meng Yao even more curious. She shook her head and started to eat the boiled fish again. Naturally, it was too spicy for her, so she reach for the bottle juice and wanted to drink from it again.....

“Don’t.....” Chen Shu Yu tried to stop her. But it was already too late, so she swallowed whatever she want to said.

“Don’t what??Xiao Shu, what do you want to say? Are you alright? You don’t look so well.” Asked Chu Meng Yao with a look of concern as she set the bottle on the table and wiped her mouth.

“That....Never mind....” When Chen Yu Shu saw Chu Meng Yao’s innocent face, she felt funny and sympathetic for her. But to have drank Lin Yi’s drink twice..... isn’t once more than enough???

“Xiao Shu, what are you muttering? Just say whatever you want to say!” Chu Meng Yao was getting a bit annoyed. Why is she being so secretive?

Under Chu Meng Yao’s interrogation, Chen Yu Shu had no choice but to spill the beans. She pointed at the bottle of juice and said: “this drink....this drink....”

“What about the drink??” Chu Meng Yao frowned and said: “All I did was drink your juice, what about it?? There are still a lot of bottles in the fridge, if you want more, you can also get it again? Do you have to be like this?”

When Chen Yu Shu saw that Chu Meng Yao did not realize the truth, she started laughing: “Haha....I can’t take this anymore.....Yao Yao have you not realized that the drink is not mine.....”

“Not yours? What do you mean...?” Before Chu Meng Yao could finish the sentence, she began to realize something. With a weird expression, she turned to face Lin Yi and asked: “Don’t tell me this is your drink?”

Lin Yi innocently nodded his head and thought to himself, ‘Seems like this is my

mistake. City's girl are not so open after all, and she just made a mistake....'

"Shit!" Chu Meng Yao face turned green instantly. Her eyes widen as she stared at Lin Yi, her finger pointing at him, as if she wanted to say something. But before she said anything, she rushed to the toilet while using her hands to cover her mouth.

"Ou...." Sounds of someone vomiting could be heard from the toilet. Chen Yu Shu who was still gloating a while ago rushed to toilet when she saw the reaction of Chu Meng Yao.

"Yao Yao.....didn't I tell you it is best that I didn't say anything. You are the one that forced me...." Said Chen Yu Shu apologetically as she looked at Chu Meng Yao with a bitter face.

"Why didn't you say so earlier....Ouu....." Chu Meng Yao stared at Chen Yu Shu for a moment and started to feel nauseous...

"No way.....Instant effect??" Chen Yu Shu looked at Chu Meng Yao and muttered to herself: "didn't mother say kissing will not cause someone to become pregnant!"

Chu Meng Yao was just beginning to feel better, when she heard what Chen Yu Shu said. She immediately recalled the indirect kiss she had with that person, and tears welled up in her eyes.

Her precious first kiss, which she had saved for 18 years, was gone. Chu Meng Yao felt a bit woozy and felt like fainting and she snapped at Chen Yu Shu: "Idiot, who will get pregnant from that?? Do you have any common sense??"

"As if you had any." Chen Yu Xiao also got a bit unhappy, and thought: You are the one who had an indirect kiss with Lin Yi, what has that got to do with me?

Chu Meng Yao was already very hurt, but when she saw the gloating Chen Yu Shu, she could not stand it anymore. She reached out her arms and embraced Chen Yu Shu and planted her lips on hers.

"Smooch" Chu Meng Yao released Chen Yu Shu after the kiss and said menacingly: "That is for gloating at me, now you are also part of this!"

"Kya! What are you doing!?" Chen Yu Shu who was forcefully kissed finally

realize what Chu Meng Yao was doing. Just great, even I got dragged into this. She then comforted herself when she recalled that Lin Yi's saliva, which got into Chu Meng Yao's mouth, was most likely washed out when Chu Meng Yao vomited just now. So it should not have entered her mouth. Yup, it shouldn't have!

When she thought about this, her mood got better instantly. As she watch Chu Meng Yao repeatedly rinsed her mouth.

After a while, Chu Meng Yao finally calmed down. She understood that even if she rinsed till her mouth came off, she could not change the fact that it already happened. Doraemon's time machine did not exist, so there was no way she could turn back time and stop that from happening.

However she was now very mad with Lin Yi. She should never have let him stay in her villa.

Just a moment ago, Chu Meng Yao felt the urge to murder Lin Yi. If she had a knife in her hands at that time, she would definitely not be able to control the imperative impulse and stab it into Lin Yi's chest.

But now, she was not even in the mood to feel mad. She exhaustedly took a glance at the dishes on the table and then at the stunned Lin Yi, without saying anything, she stumbled up to the second floor....

## Chapter 12: Chance encounter in a cave (part 1)

Chen Yu Shu, who was following Chu Meng Yao at the back, stopped and made a face at Lin Yi before she hurried upstairs.

“Must she make such a huge commotion?” Lin Yi shook his head and looked at the food on the table. ‘Seems like they are not going to eat them. So everything is now mine.’ So Lin Yi picked up his chopstick and started gobbling down the food.....

When Chu Meng Yao reached her room, she collapsed on the bed and began to feel that she was really very unfortunate. ‘Why do I have to lose my first kiss in such a manner? If only it was with a handsome looking young man, why must it be that countryside bumpkin, Lin Yi?’

“Xiao Shu, why am I so unlucky!!” Chu Meng Yao could not help but break into tears. Previously, Lin Yi was present, so she didn’t want him to her disgraceful side, so he held back her emotion. Although her tears did fall, but she did not cry out loud. Now that she was alone with Chen Yu Shu, she could not care less and started crying out loud.

“Alright, Yao Yao-jie (jie = sister), don’t feel sad, it was just an indirect kiss. It is not as if it was a kiss on the lips, he didn’t even get anything out of it!” comforted Chen Yu Shu. She thought, ‘Ultimately, it was you who drank Lin Yi’s saliva, not the other way round.’

It would have been better if Chen Yu Shu did not say anything. Now that she said it, Chu Meng Yao felt even more aggrieved. ‘It would have been better off if it was really a kiss. But now, I am the only one who is the victim. Lin Yi did not benefit from it, so he does not have to feel guilt stricken. I am just too unlucky!!’

“No! I have made up my mind, tomorrow I will tell father that if he has to guard someone, then it will not be me!!” Cried Chu Meng Yao sternly: “I must .....

After Chu Meng Yao got tired from crying and vomiting, she fell asleep. Chen Yu Shu shook her head and laid beside her and thought: ‘Wasn’t it just some saliva, is there a need to make such a fuss about it? It is not like she will get pregnant from that, does she have to be like this??’

.....

After finishing all the food, Lin Yi was prepared to be criticized. He could not help it, who told him to have just a low status. If it was the past, he would just be a lowly servant. Since he angered the young mistress, he would definitely be punished for it.

Lin Yi waited, but no one came down even after a very long period of time. So he cleared the table and returned to his room. It was already 9pm, so they must already fell asleep, so they mostly won’t be coming down.

After Lin Yi washed up, he locked the door and sat on his bed. He then started training the <Xuan Yuan Yu Long Jue>. The origin of this technique is very special. He found it in a cave.

In the night with a full moon, when Lin Yi was eight, Gramps brought him to the peak of Xixing Mountain, to access Lin Yi’s martial arts’ skills.

Lin Yi was puzzled, ‘Why did Gramps bring me here in the middle of the night to test my martial arts?’ But under Gramps’ oppression Lin Yi had no choice but to follow him up the mountain.

It did not take long during the test for Lin Yi to realize that something was not right! This was not a test, Gramps’ moves were all lethal! Before Lin Yi could say anything, he felt a kick on his butt and he was sent flying down the mountain.

Lin Yi could only hear the wind rushing pass his ears as he descended. At that very moment he felt just like Ultraman, flying through the air. After sometime, Lin Yi finally landed on the ground with a “poof!”

Lin Yi felt as if all his bones scattered. Ever since he was three, his body had been soaked in Chinese medicine prepared by Gramps to strengthen his bones

and body. But the fall from the mountain top was still too much for his strengthened body to handle, and he fell unconscious.

Staring down at the direction Lin Yi fell, Gramps Ling shook his head and sighed: “Xiao Yi, please don’t blame this heartless grandfather. It is now or never, the cave only opens once every five years on the night of the full moon. If you can’t get in this time, then you will have missed the best age to cultivate…….”

After some time, Lin Yi regained consciousness. Before he sat up, he began by cursing at Gramps Lin. But he knew that this was not the right time to be complaining, so he started to examine his body. It seemed like he did not sustain much injury, so he tried to stand up.

When he stood up, he was awed by the sight in front of him. A magnificent, ancient looking, gate stood right in front of him. The crimson colored door seemed to give out a glow under the illumination of the moonlight and the golden knockers on the gate currently shining very brightly.

It looks just like the homes of the immortals who existed in the legends! Right above the magnificent gates, there was a plaque. On it were 4 large words: “Xuan Yuan Dong Fu” (translation: Xuan Yuan Cavern)

‘What is this place?’ Lin Yi breathing became rapid, he had been living at Xixin Mountain for so many years, but he never knew that there was such a place at the foot of the mountain.

Lin Yi did not understand how he managed to stumble upon this place. ‘Was it a coincidence that Gramps’ kick caused me to end up in this place? But why is this place giving out a very familiar feeling? It is as if I was once here.’

Lin Yi racked his brain, but he still could not figure out when he came here before. Lin Yi stood still, and subconsciously walked towards the gate, as if there were some forces pulling him in.

When Lin Yi reached the door, his hands automatically reached out and pushed the door, but the door did not even budge. Lin Yi frowned and tried to pull the door, but that too did not moved the door.

But just when Lin Yi was about to give up and leave, a strange thing happened.

Lin Yi realized that the, originally closed, door is slowly opening.

That gave Lin Yi a shock, he assumed that someone was coming out from the cave. He immediately dodged to the side and stared at the cave entrance. Lin Yi waited for a while, no one came out. As a matter of fact, he was able to clearly see the inside of the cave clearly.

It was a very large hall, there was no lighting but it was somehow illuminated by something, making it as bright as day.

This sight made Lin Yi jaw-drop! No other words could describe Lin Yi feeling right now. After he made sure that there was no one, he carefully walked towards the door.

With every step Lin Yi took, he will stop and look around cautiously. Only when he was sure that there was no danger did he continued to move forward. Lin Yi was really young at that time, so curiosity got the better of him. If it was the Lin Yi now, he would not have been that impulsive.

But it was because of young Lin Yi curiosity and impulsiveness that he got the rare opportunity in the end.

---

# Chapter 13

---

Editor: qidqueen

## Chapter 13: Chance encounter in a cave (part 2)

Finally, Lin Yi entered the gate and step into the hall, and right in front of him there was a gigantic stone tablet. Some Zhuan script characters were written on it:

[On the night with the full moon, the door will open. Only the special may enter]

[Before first light, remember to leave. Five years later will the door open.]

*(Note: the words are written in a way that it could not be understood easily, so the MC had to decode the message's meaning. So I only did a rough translation)*

Lin Yi had learned the Zhuan script characters from Gramps before when he was young. So he was able to recognize and read the characters on the tablet. When Lin Yi decoded the message, he tried to understand what it meant.

‘[On the night with full moon], this is easy to understand. Wasn’t there a full moon tonight? [The door will open], this would definitely be referring to the crimson door. [Only the special may enter]? Then I am the special one then?’

Lin Yi found it weird and was puzzled. ‘Was there anything special about me? An orphan, adopted by Gramps Lin. Was that anything special about me? If I was compared to Gramps, then there is nothing special about me at all.’

‘But, since I managed to get in, then I must be special then!’

‘[Before first light], this is even easier to understand. It must mean that before the sun rise tomorrow. [Remember to leave] would definitely mean he must leave this cave before the sun rise tomorrow. Hm, this should be what the

characters meant. ‘

‘But what do the last few words [five years later, will the door open] mean? Does it mean that if I don’t leave before sunrise, the door will close and will only open five years later?’

When Lin Yi thought about that, he shuddered. ‘Thank god I understood the Zhuan script, or I would be trapped in here for good. I won’t even be able to survive five days without food and water, let alone 5 years.’

Now that Lin Yi know the rules of this cave, all he had to do was leave before first light tomorrow and there would not be any problems. He felt more relaxed now.

Lin Yi then started to observe his surroundings and discovered the reason why the room was so bright; all four walls of the hall were lined with Luminescent pearls.

If someone else was there, they would have realized that every one of these pearls were priceless. If they took one out to auction, it would make him very rich.

However Lin Yi, who grew up in the mountain, was not interested in such treasures. Although he did find the pearls pretty, but he did not expect the pearls to be priceless treasures.

The most important reason was they live in the mountain so there was no one to sell it to. The richest person around was the widow Wang who opened an eatery in the village earning around 1k a year!

No matter how rich they were, they would never spend the money on something so useless. From Lin Yi’s point of view, if he had money, he would rather spend them and get some juicy meat. He would never buy something that was practically useless except as a decoration.

So, instead of spending time appreciating the luxurious decorations, Lin Yi started to carefully examining the hall. According to the novels which he read, if a person came into a cave or valley there was definitely some chance encounter, like some OP skill (martial arts manual) or gongfa (qi training method).

When Lin Yi thought about that, he started to get more excited, “If I can find

an OP skill (martial arts manual) or gongfa (qi cultivation method), then I will not lose to Gramps anymore. And when I get strong, Gramps won't be able to beat me anymore!'

The hall was big, excluding the luxurious decoration and two structures, it was pretty much empty. One of the structures was the stone tablet which Lin Yi has seen earlier. The other was a platform behind the tablet.

The platform looked like an ancient sacrificial altar. It also looked like a place where the sects will display their precious items. It was evidently not something from this era.

Without much thought, Lin Yi walked towards the platform. At the top of the platform, Lin Yi saw a very ancient looking wooden box. He got really excited at the thought that it may contain the rumoured manuals.

Lin Yi carefully picked up then box, quickly jump off the platform and hid at a corner. The reason for his actions was because he was told that booby traps were common in such a place. Since he just took the treasure, he was afraid that he had trigger some traps.

After waiting for something, seeing that nothing was happening, Lin Yi gave a sigh of relief. The box could be removed from the cave, so he was not anxious to open the box. So Lin Yi once again started to examine the cave.

To Lin Yi's surprise, when he walked to the back of the platform, he saw another stone gate. Right beside it, there was another smaller stone table at its side. Written on it were some Zhuan script character in the same style as the one before!

Lin Yi quickly began to read the text carefully.

[Five years later, when complete Sheng Gong's [first level], come hit the gate, then can you enter]

[If you couldn't, [first level] not reached, wait another five years, and then come try again]

Lin Yi was confuse after looking at the words! "[Five year later, when you complete Sheng gong's [first level]" what does that mean? Could there really be some gongfa (qi cultivation method) inside the box? So does that meant that

when he completes the gongfa's [first level] training, he has to come again and hit the door, then will the gate open?

Lin Yi decided to give it a try and tried pushing the gate. To his disappointment, the door didn't even budge. If that is the case, the second sentence made perfect sense. "[If you couldn't, [first level] not reached, wait another five year, and then come try again]" So this basically meant that if he would not be able to open the door if he did not complete the gongfa's [first level] of training. Then he has to wait for another five year before he can get the chance to try again.

The stone gate is right in front of him, and yet he cannot open it. This made Lin Yi's heart itch. Logically speaking, since there was already a sheng gong (direct translation: godly gongfa) in the first hall, the hall behind this door should be even more extraordinary!

But Lin Yi understood that with his current ability, it will be impossible to open the second gate! Currently, he was only lucky enough to be able to open the first gate and enter the first hall.

Since that was the case, Lin Yi stopped trying and left the cave with the box. Soon, the dark sky got brighter. At the east, the sky turned from dark blue to dull gray. This was the sign that the sun was about to rise.

---

# Chapter 14

---

Editor: qidqueen

Chapter 14: <Xuan Yuan Yu Long Technique>.

Lin Yi was really glad since he almost missed the closing time. If he missed the closing time, he would be trapped inside. Then it would not matter even if he had the sheng gong. Unless he could transform into an immortal, and gain the ability to survive without food and drink, or he would starve inside the cave.

When the sunlight poured into the valley, Lin Yi saw the stone gate started closing automatically without any warning. Sound of gears moving could be heard, followed by a “boom ” as the stone gate shut itself.

Lin Yi approached the gate once again when the gate was shut. But no matter what he did, he could not even make the door budge.

It seemed like the person who left the message told the truth; once the gate was closed, it would not open again. The only way to get in was to wait for it to open again in another five years.

Although that caused Lin Yi to be a slightly disappointed it was fortunate that he still had the box. So he decided to determine whether this was a disappointing trip after he examined the contents.

“Xiao Yi, are you alright?? ” A familiar voice sounded behind him. When Lin Yi turned his head, and Gramps was right there. Who knew when he appeared behind?

“Screw you! Geezer, are you trying to kick me to death? Am I superman, how can you made me do a free fall from such a height??” All of Lin Yi’s bones started hurting again when he recalled about yesterday’s night fall.

“But aren’t you still alive?” Gramps Lin felt relieved when he saw that Lin Yi was fine. He might have looked calm, but he was actually quite worried for Lin Yi.

After all, it was a free fall from such a height, even if Lin Yi body was strengthened by the Chinese medicine bath that he brewed, he was not very confident.

“Not dead yet, but am about to be. ” Lin Yi hesitated whether he should tell Gramps Lin what he encounter previously. Gramps Lin is knowledgeable, so Lin Yi told him about what he encountered previously.

“Gramps, I entered that cave yesterday ....” Said Lin Yi as he pointed to the cave’s stone gate behind him.

“Mmmmm ....” Although Gramps Lin already knew that Lin Yi had already entered the cave, since the box was in his arms. He still felt happy when Lin Yi decided to personally share his experience with him. It made Gramps Lin feel that his effort to bring Lin Yi up was not in vain, since he treated him like a family.

“So ..... ” , Lin Yi did not understand what Gramps Lin was trying to say, so he decided to just share with Gramps Lin what he experienced in the cave. Finally, he handed the box over to gramps and said, “This is that box!”

“Keep it. ” Said Gramps Lin after he took a glance at the box.

“Don ’t you want to examine it??” Lin Yi was very puzzled. How can Gramps not be curious, especially after what just happened?

“It’s pointless.” Said Gramps Lin as he shook his head.

Although Lin Yi had a lot of questions, Gramps was giving off a “Don’t ask me” or a “Do as you please” aura. It made Lin Yi hesitate to ask his questions.

After a strenuous track, Lin Yi and Gramps finally returned home from the valley. Gramps Lin went straight to bed the moment he reached home. That left Lin Yi, who was still clutching onto the box, dumbfounded.

Since Gramps was so apathetic about the box, Lin Yi decided to just examine the content himself. Lin Yi then placed the box on the table, and started examining it.

The antique box was similar to the boxes that were once used in the palace of the past to contain the decrees or medicine pills. The only exception was that it

was not locked, so Lin Yi was able to easily open the box after he release the clasp holding it shut.

Lin Yi's eyes widened, and his breath started to get heavy with excitement! Finally, the box opened and inside was a silk scroll.

Lin Yi picked up the scroll, and there was a jade pendant at the bottom of the box. Lin Yi removed the pendant from the box and started examining it under the light.

The pendant was made from very good quality jade. A totem-like diagram was carved on the pendant, in addition to that, some unknown characters, which Lin Yi did not recognize, were also carved on it. Unlike the character on the scrolls, which was written in zhuan script characters, the pendant's character were definitely from a different kind of script characters.

Lin Yi was very confused. Since the characters found in both the cave and on the scroll are written in zhuan script characters, why are the characters on the pendant different? What is so special about it?

After that Lin Yi went to ask Gramps about the pendant, but even Gramps had no idea what the pendant was for. As a matter of fact, Gramps was really surprised when he saw the jade pendant.

In fact, Gramp's expression showed more surprise then when Lin Yi came out of the cave with the box.

So, Lin Yi could only assume that the pendant usage was to aid him in his training of the gongfa, and so he always had it with him.

Carefully, Lin Yi unraveled the scroll. When he saw that it was a very short scroll, Lin Yi got a little disappointed.

Lin Yi had read a lot of wuxia novels. He knew that the op-ness of the training manuals cannot determined by its length. Mei Fen, (a character from Jin Yong's wuxia novel <The Legend of the Condor Heroes>) the practitioner of the 'Jiu Yin Bai Gu Jua', (translated: Nine Yin's Bone claw ...A very op skill) managed to tattoo the manual on a single piece of human skin. So Lin Yi still had high hopes as he started to read the manual.

"Xuan Yuan Yu Long Technique" these five distinct words came into view. It

was written in the same handwriting as the words on the stone tablet in the cave.

But below the five words, there was now a string of words, “First phase-Tianchan” followed by the main text: “Mortals are like insects, but can change your fate and be in control of life and death.....”

Lin Yi skimmed through the introduction and understood that the first phase consist of 3 level; qianqi (means initial level), zhonqi (mean middle level) and houqi (final level). Only the first phase of “Xuan Yuan Yu Long Technique” was recorded in this scroll.

Lin Yi was of course not ignorant enough to assume that there was only one phase. Since there was phase one, then there must exist phase two or even three.

But Lin Yi had no idea where they were. They might be behind the second stone wall in the cave, or at some other place. So Lin Yi decided to not think about it and concentrated on completing the first phase of “Xuan Yuan Yu Long Technique”

Although the introduction of “Xuan Yuan Yu Long Technique” was brief and hard to understand, the cultivation procedure was very detailed. There was even a drawing of the human body with all kongwei (acupuncture point) marked out to aid the reader. To Lin Yi, who had practiced martial art since young, all this was not a problem.

Without much thought, Lin Yi then began to follow the procedure of “Xuan Yuan Yu Long technique’s first phase: tianchan” and started cultivating.

Ignorant is bliss. Lin Yi was young. All he wanted was to learn this op technique and defeat Gramps. He did not consider whether the technique will have any conflict with the martial he has learned. Lin Yi did not even consider the risk of zouhuorumo (decrementing effect when you cultivate using two conflicting gongfa)

Now, whenever Lin Yi recalled that incident, he realized that the main reason why he decided to learn that technique was because of the awesome sounding name. “Xuan Yuan Yu Long Jue” ( Xuan Long Yu Long jue translation: Regulus Dragon Taming Technique). A gongfa that can let a dragon submit to you must

be very op!!

It was not until some years later when Lin Yi realized this cultivation technique was not martial arts

## Chapter 15: Satellite TV Channel

When Gramps knew that Lin Yi had started cultivating using “Xuan Long Yu Long Jue”, he adopted a passive attitude. Gramps no longer gave Lin Yi any pointers nor did he bother him.

On the other hand, although there were significant improvements in Lin Yi’s physique after he started cultivating using “Xuan Yuan Yu Long Jue”, there was not much improvement in his martial arts skills. Lin Yi was still no match for Gramps Lin.

Gramps Lin was like boss monster from a game’s dungeon, his strength was proportioned to the player’s strength. When the player got stronger, the boss would get stronger too. If the player got weaker, the boss would also get weaker. This was very depressing for Lin Yi.

It was really hard to measure the change in Lin Yi, all he felt was that he got a lot more agile and his eye-sight and hearing also got keener.

After many years, Lin Yi, while under no guidance, managed to successfully cultivate “Xuan Yuan Yu Long Jue” to a certain extent.

Soon, the five year deadline came. Once again, on the night of the full moon, Lin Yi visited the cave once again. But to his disappointment, he was unable to open the second stone gate.

Lin Yi was not surprise about the outcome, since he knew himself that he was unable to breakthrough to the first phase: Tianchan's houqi(final level). Ever since his breakthrough to the zhongqi (mid level), his progress had been stagnant.

(\*Note: if you have forgotten, Tianchan is the name of the first phase of Xuan Yuan Yu Long Jue)

Although Lin Yi told Gramps about his situation, Gramps Lin only shook his head and smiled at Lin Yi. Hinting him that there was nothing he could do about it.

Lin Yi was starting to panic as the second 5-year deadline was reaching soon. So many years had passed and yet he was still stuck in the first phase's zhongji (mid-level). If this continued, he would once again return empty handed.

Now, Lin Yi finally realized that the "Xuan Yuan Yu Long Jue" that he had been using to cultivate, was not martial art but a Xiuzhen manual. It may sound a little unreal, but Lin Yi understood that that was the truth.

When Lin Yi recalled Gamps' actions on the first full-moon-night, he began to suspect that it was all Gramps' premeditation.

'Gramps had planned from the start to kick me down the Xixing Mountain thus allowing me to enter the cave through the stone gate. There was no other reason why Gramps had to test my martial art in the middle of the full-moon night. '

'Even if Gramps had to test me, there was no reason why it had to be done at the peak of the mountain. Even if it had to be done on the peak of the mountain, there was no reason why Gramps had to kick me down the mountain, and was it just a coincidence for me to land right at the cave's entrance.'

'Even if it was all a coincidence and it was pure luck that caused me to land near the cave entrance, why must Gramps wait till I have exited the cave before coming to look for me?? '

‘In addition to that, why was Gramps so calm even after I told him what I just experienced? It was as if he knew that it was going to happen.’

All these ‘if’ made Lin Yi very suspicious.

But, whenever Lin Yi approached Gramps to ask him about it, Gramps would always refuse to give him an answer. Soon, Lin Yi got tired of asking, regardless of whether it was done deliberately or not, he should just continue to cultivate.

When Lin Yi woke up from his deep meditation state, it was already dawn. Lin Yi shook his head. Although there was little progress with his cultivation, he felt fresh, but he was still not able to breakthrough.

He hurried to the wash room to have a quick shower to wash off his sweat. Then Lin Yi put on the school uniform and walked out of the room.

The villa was still very quiet. Lin Yi looked toward the direction of the stair and thought, ‘the two girls must still be sleeping?’ So he sat on the sofa and turned on the 60 inch television, muted it and started browsing through the channels.

‘It feels great to watch TV programs on a big screen.’ Thought Lin Yi as he laid on the sofa. In fact this was Lin Yi’s first time watching a TV program on such a large screen. At his old house, he only had his counterfeit brand laptop and a 25 inch flat screen TV. “Ahchooo!” Sneezed Lin Yi and thought, ‘Didn’t know I can still catch a cold with my physique.’ Lin Yi used to live in the south, now he was in the north. Although it still summer, the temperature difference at night was quite significant. He had yet to acclimatize himself to this place.

Lin Yi pulled out some tissue paper from the tissue box on the coffee table, blew his nose on it, and left it at aside.

Because it was still very early in the morning, there was not a lot of program showing. So Lin Yi started using the remote controller to browse through the channels to look for something to watch. After some time, he still could not find any channels that is showing something. All of them displayed a picture of earth and a message that there will still no program.

“Fck, is the remote out of power??” Muttered Lin Yi, but then he remember that he just turned on the TV with the remote control.

Lin Yi then look toward the TV and realize that it was attached to the satellite

TV box. So he must use the satellite TV box's remote to change channel. The TV's controller was only used for turning it on or off and to adjust the volume.

Lin Yi may be from the countryside, but through the counterfeit-brand laptop, he was able to access the net. Through it, he became aware of such devices.

After searching around the area, Lin Yi found the remote control for the satellite box. He then started to browse through the channel.

"Satellite TV is great!! There are so many channel" Exclaimed Lin Yi after the browsed through 10+ channel and there was no repeated ones.

"This is an adult channel, parental control is set, please enter the password. (Default password: 000000)"

A popup message was displayed when Lin Yi reach a particular channel.

'What! Why is there adult channel in that girl's villa?' Thought Lin Yi. He knew the existence of such channel but he has never seen one before.

Although widow Wang had a satellite box installed in her house in the village, it could only showed the free channels, so it was not possible to display adult channels.

Lin Yi felt really curious, who configured this password. 'Was it Chu Peng Zhan or was it Chu Meng Yao?? Or maybe it was Chen Yu Shu? Hmm, it is possible. She is so flirtatious, and the way she speaks is so suggestive.....' Thought Lin Yi.

Lin Yi then enter a password: 123456. But an error message was displayed: "Incorrect password! Please try again"

"888888" Lin Yi entered another password, and once again the error message was displayed: "Incorrect password! Please try again"

Lin Yi scratched his head and enter "000000". This time, although there was no error message, there was nothing display. He had no idea whether it was just authenticating the password, or is did the box just hanged.

Just when Lin Yi was about to press some other button, something appeared on the screen.

Chapter 16: Caught red handed.

She was a Japanese AV actress, called Hamasaki \*\*\*. Lin Yi could not remember her full name, but she was very sexy and had really big breasts. In the past, Lin Yi remembered watching some of her videos, and it left a very deep impression in him.

It really surprised Lin Yi that the password was the default password. Why did he not tried it first?

This was the first time Lin Yi watched AV on such a large screen. In the past, all he had was his 10 inch laptop screen. With the laptop, everything was not clear, but now everything was in high definition. Everything was crystal clear.

Soon, Lin Yi felt his blood surging. He almost ran to the screen to watch the video.

“Yawn .....so sleepy... .stupid Yao Yao, after you trouble me the entire night, you finally fell asleep. But now I can’t fall asleep any more... ..” Chen Yu Shu’s voice could be heard from the second floor. It was soon followed by the sound of slippers as she walked down the stairs.

Although Chen Yu Shu’s voice was very soft, Lin Yi was able to hear her very

clearly due to his keen hearing. Lin Yi panicked as he thought: 'What will happen if Chen Yu Shu saw me watching AV in the living room. I am so screwed!!'

Lin Yi was currently beside the TV, so it would be too late if he tried to get the remote control. So he reached out with his hand and switched off the TV power source and went to the window and pretended to be looking at the scenery outside.

Lin Yi started to curse at how unlucky he was. Yesterday, he got into trouble because of the accidental, indirect kiss. If Chen Yu Shu caught him watching AV in the living room, he would definitely be kicked out of the house.

Lin Yi was not very willing to be young mistress's study buddy, but the salary was so high. He even got to eat good food. It would be hard to find another one of these good jobs.

Most importantly, if Gramps Lin found out that he was fired by young mistress, and not because he quit the job, he would be too ashamed of himself and he would never be able to live with his head held up.

Lin Yi sighed in relief He started to hate his itchy fingers, why did they try to enter the password? But that was partially Chu Meng Yao's fault, why did she not change the password?

"Ah ....." Chen Yu Shu was startled, and almost screamed out loud when she saw someone standing at the living room's window. But thanks to her quick reaction, she used her hands to block her mouth, so as to not wake Chu Meng Yao up.

"Why are you standing by the window this early in the morning??" Asked Chen Yu Shu after she realized that that the person was Lin Yi, the root of the problem that caused her to not be able to sleep.

"I woke up and can't fall asleep anymore" Lin Yi felt a little awkward after what just happened.

"Oh!" Chen Yu Shu frowned and said, "Next time stay in your room after you wake up. You gave me a fright just now. Yao Yao and I are too used to being alone. We are still not used to your presence."

"Sure..." Replied Lin Yi.

‘I will never again have the guts to watch AV in the living room. This is just too risky. I almost got caught red handed!!’ Thought Lin Yi.

Chen Yu Shu sat down on the sofa and crossed her legs. The sight was just too alluring. But Lin Yi did not dare to stare for too long. His body had yet to calm down after the AV just now. A certain part of his body was still very stiff. It would be very very embarrassing if Chen Yu Shu saw it.

“Lin Yi, I am hungry. Cook something for me.” said Chen Yu Shu lazily.

“Me? Cook?” Lin Yi was stunned. ‘I have to cook for her? When did I become a maid?’

“Yup you, hurry up, I am hungry.” Replied Chen Yu Shu impatiently as she waved her hand.

Lin Yi felt a little frustrated. ‘Why was Chen Yu Shu ordering him around?? I am the one I am attending to is Chu Meng Yao?’ So he replied “Miss Chen, I am employed by Mr. Chu to study with young mistress Chu, not a babysitter...”

“Isn’t that the same? It was in the ancient times, study buddies are known as shutong. They are still servants. The only difference is that they are of higher status when compared to the other servants that are in charge of cleaning. So they still have to obey their young mistress’s order!” argued Chen Yu Shu plausibly as she stared at Lin Yi.

“But .....I am Chu Meng Yao’s shutong....” Although making a meal was nothing to Lin Yi, but that seemed to be outside his job scope.

Lin Yi was not so dumb as to allow himself to be ordered around just because the other party smiled seductively at him. It would just give Chu Meng Yao a reason to complain about if Chu Meng Yao caught him cooking for Chen Yu Shu.

“Isn’t that the same? I am Yao Yao’s best friend. My commands are equivalent to hers....” When Chen Yu Shu saw that after all she said, there was still no sign off Lin Yi doing anything, she got a little upset.

‘My initial impression of you was pretty good, but too bad you don’t know how to cherish that. Normally, even if someone else volunteers to help me, I wouldn’t even allow him. You have the chance and yet you still refuse to do it. Hmpf!’ Thought Chen Yu Shu.

“Never mind then, why don’t you help me boil some water, I will just make some cup noodles myself.”

“Okay.” Lin Yi did not mind doing that since the electric kettle was right next to the window. So Lin Yi reached out his hands and switched on the kettle.

While waiting for the water to boil, Chen Yu Shu reached for the TV’s remote controller and pressed the power button. Chen Yu Shu wanted to watch the the MV of the the popular singer Xu Shi Yu that was always played at this time of the day on the entertain channel.

“Wait....” Chen Yu Shu’s action made Lin Yi panic. But before he could stop her from turning on the TV, the screen turned on and on it was displayed the most recent channel that was visited; the adult channel. The foreplay had already completed and the AV actress, Hamasaki, was currently performing a very intensive scene with male actor.

“Ah...ah...!” Screamed Chen Yu Shu before she covered her mouth with hands. She then started staring fiercely at Lin Yi.

“Er...” Lin Yi felt like dropping dead that very instant. ‘How can I be so unlucky!!? Why am caught the moment I start watching it. Tough luck! It would have been better if I am caught after I enjoyed the video. What the hell is this!!!’

“Not me....” Replied Lin Yi as he tried to feign innocent

“Lin Yi, how dare you watch such obscene videos!?” Chen Yu Shu was currently very furious.’ How can Lin Yi be so inconsiderate? No wonder he woke up so early. It was to watch these videos’

“I said, it’s not me....” Repeated Lin Yi innocently. ‘I did accidentally stumbled upon this channel. Why didn’t you unsubscribe this channel if you don’t want others to watch it? By not doing so, aren’t you just asking someone to stumble across it?!!’ Lin Yi thought to himself.

“No one is going to believe that. Who else can it be if it wasn’t you? Me? Or Yao Yao? We were watching the kids channel yesterday!” Said Chen Yu Shu in a very stern voice. “We even configured the parental control to prevent us from ever accidentally stumbling upon this channel when browsing through the other channels. You cannot view this channel unless you enter the password.”

~~Editor: qidqueen~~

~~Chapter 17: I am innocent. Innocent.~~

Lin Yi did not expect Chen Yu Shu to remember such details. Now, it would be pointless for him to continue to feign innocence, so he admitted it.

“Alright, it was me. When I accidentally came across this channel, out of curiosity, I entered the password. Didn’t expect the password to be correct. The moment I realized that it was an adult channel, I turned off the TV immediately.”

“Really??” Asked Chen Yu Shu skeptically as she looked at Lin Yi in disbelief.

“Of course....” Li Yi replied in a very grievance voice, as what he said was very close to the truth.

“Humpf ...” Snorted Chen Yu Shu. Since she did not want to argue with Lin Yi about it anymore, she reached out for the remote, on the coffee table, to switch to another other channel. Just then, she noticed the ball of tissue paper on the coffee table! The tissue did not fully cover the contents, so she was able to catch a glimpse some slimy fluid .....

“What is this??” Chen Yu Shu face turned green with disgust, even her voice started shaking as she spoke, “So.... not only did you watch porn while you are in Yao Yao’s house, you even did such an indecent act.....”

“What did I do?? ” Lin Yi was confused, and looked towards what Chen Yu Shu was looking at. He saw the ball of tissue which he used a while ago. Instantly, he understood what Chen Yu Shu meant! ‘FUCK!! Why am I so unlucky?’

Lin Yi knew that Chen Yu Shu had misunderstood. The ball of tissue paper, the slimy liquid inside and the fact that he was just caught watching porn. Add those clues up, and it would not be a surprise that Chen Yu Shu suspected that a certain event occurred... . At this moment, Lin Yi was dumbfounded. ‘WTF is this??’

“Yu Shu ....don’t think about this the wrong way. I just came to the north, my body has yet to acclimatize, so I caught a cold. That is the tissue which I used to wipe my nose. You can have a look ....” Said Lin Yi as he unwrapped the tissue and wanted Chen Yu Shu closely examine the contents.

“Take it away!” screamed Chen Yu Shu, “I don’t want to look at such a disgusting thing. Lin Yi, you jerk!”

Lin Yi felt a little awkward. “There is nothing I can do if she doesn’t want to believe me. I can’t possibly force her to, can I?” Lin Yi then removed the tissue from her sight. “Even if you don’t believe me, I really didn’t....”

Chen Yu Shu considered for a moment, and came out with a plan. “I changed my mind. I don’t feel like eating instant noodle anymore. You! Cook something for me!”

“Eh?” Lin Yi felt confused and asked, “Why?”

“Heh heh, now that your weakness is in my hands, if you don’t do as you are told, I am going to complain to Uncle Chu that Yao Yao I were startled when we caught you.... you ‘playing with yourself’ while watching the TV!” said Chen Yu Shu craftily.

Lin Yi was speechless. “I was wronged!! Wronged!! But what can I do? If Gramps found out about this, I will be ruined.’

Lin Yi took two deep breath, and muttered, “You are vicious.”

“Vicious? Not as much as you. Doing such a frightening thing!” rebutted Chen Yu Shu.

Lin Yi did not know how to reply. Although he knew he lost the fight, but that did not prevent him from retaliating to Chen Yu Shu by saying, “But, do you dare to eat the food that was made using my hands?”

“No problem. It was written in the book that ‘stuff’ is nothing but protein. It will even have beautifying effect if you consume it.” Chen Yu Shu replied casually.

Now, Lin Yi was utterly speechless. “This little devil is even more difficult opponent than Chu Meng Yao. Chu Meng Yao only hated me, but this devil is out to give me trouble,” Lin Yi thought.

But, Lin Yi was surprised, ‘Why is she behaving differently as compared to a while ago? Just now, she was still complaining about how disgusting it was. But now she mentioned that eating it will have beautifying effect....’

“What do you want to eat?? ” asked Lin Yi.

“Anything is fine. I have no idea what is there in the kitchen. Why don’t you go take a look for yourself,” replied Chen Yu Shu as she changed her posture and laid on the sofa.

Her current posture was very enchanting. Her smooth white legs could be seen peeking out from her pajamas. The sight was too much for Lin Yi to handle. A certain recently recovered body part of his could not help but react.

“Sure ....” Lin Yi was scared that Chen Yu Shu would notice his reaction. So he hunched his body and proceeded to the kitchen. Unfortunately, immediately after two steps, he was stopped by Chen Yu Shu.

“Shield-ge, what is wrong with you? Why are walking like that? You look like a shrimp.” Chen Yu Shu noticed Lin Yi’s unusual movement and was very curious. Shortly after that, she noticed Lin Yi’s lower body, and understood the reason. A hue of red spread throughout her cheeks from embarrassment. She immediately looked away and mumbled, “ Pervert!”

Lin Yi could not be bothered to explain himself. Since he was already found out, he stood up straight and walked towards the kitchen.

Chen Yu Shu stared at Lin Yi back as he walked away, a sly smile could be seen on her face. ‘Hmpf! Of course I knew it was just mucus, do you think I am an idiot? It was taught in the health-education class that “substance” is milky

colored and it will have a distinct weird smell. One would be able to recognize it from a distance.’ Although Chen Yu Shu had never known what the real “thing” smelled like, but she had been sitting on the sofa for such a long time, and she could not smell any weird smell.

Most importantly, it was mentioned in the web, once the guy relieved himself, the lower body will become soft. From the looks of Lin Yi, he did not seem like he was relieved.

But, Chen Yu Shu was not going to mention this to Lin Yi. She was going to let the misunderstanding stay. So she used it to play around with Lin Yi. ‘Hihi, who told him to not listen to my request?’

‘It sure feels great to have someone to order around,’ thought Chen Yu Shu when a very nice aroma came drifting out from the kitchen. She felt that her decision was not wrong.

When Lin Yi reached the kitchen, he was quite surprised. The kitchen was very well equipped, it was definitely better than the stone stove he had back there in the village. Everything was very modern, there was even a cute little SpongeBob apron. Since it was very new, Lin Yi deduced that it was not used very often. Those two young ladies were very well taken care of. So of course they did not have to prepare their own meals.

Lin Yi put on the apron and started to look around the kitchen for ingredients he could use. He found some tomatoes, spinach, celery and some eggs in the fridge. It must have been prepared by Uncle Fu for Chu Meng Yao, since there was not a lot of the ingredients available. He was unsure about Chu Meng Yao’s ability to cook. ‘As expected of a person trusted by Chu Peng Zhan, Uncle Fu is very thoughtful.’

For the main dish, Lin Yi also found some flour and corn. He decided to make some handmade Yangchun noodles. Since he was also a little hungry, he also prepared his portion.

Preparing a meal was nothing to Lin Yi. Back there in the village, since he was a child, he had to take care of Gramps Lin. Since the kitchen was very well equipped, Lin Yi was able to prepare the ingredients quickly, and he started to pull some handmade noodles. Soon, a bunch of thinly pulled noodles appeared

on the preparation table.

Chapter 18: Eat till you are accustomed to it

After the noodles were made, Lin Yi started to prepare the soup stock. Since this was not a hotel, there was no pre-prepared stock he could use. So all Lin Yi could do was to use the box of LeBao's (brand name) concentrated soup stock which he found in the cabinet. This was the first time Lin Yi had seen such concentrated soup stock, but it looked pretty good, so he poured it into the pot. Immediately, a very nice aroma spread from the pot.

First, Lin Yi went to fry the vegetables with some of the soup stock. Then he added some condiments. Last, he added some water. While doing so, Lin Yi did not waste any time. He was boiling water to cook the noodles on another stove. After the noodles were cooked, he placed them into two separate bowls and poured the soup in. Now the two bowls of YangChun noodles were completed and were ready to be served.

Strictly speaking, Lin Yi did not follow the standard steps to prepare the YanChun noodles, but it had its unique flavor which Gramps liked.

One bowl of noodle should be enough to satisfy Chen Yu Shu's hunger. So since there were some left overs, he decided to eat them himself.

"Is it done?" asked Chen Yu Shu. Apparently when she smelled the aroma, she couldn't resist anymore. So she put on a pair of slippers and rushed to the

kitchen.

“It’s done, I was just about to call you.” Lin Yi took off the apron and hung it up.

“That is Yao Yao’s apron, you better not let her find out that you used it!” said Chen Yu Shu as she looked at the apron. “Since you made a meal for me, I will not tell her that.”

“Hm?” Lin Yi was confused. Why did Chen Yu Shu suddenly become so kind again? After much consideration, he decided that Chen Yu Shu was still a very mischievous person. When Lin Yi remembered Chen Yu Shu’s gloating expression from yesterday, he knew that this girl is up to no good. Even Chu Meng Yao was much easier to handle than her. But Lin Yi couldn’t care less for what Chen Yu Shu was planning. He was grateful as long as Chu Meng Yao stopped giving him trouble and let him do his job.

Chen Yu Shu frowned and felt a little uncomfortable when Lin Yi started eating his noodles right in front of her.

But when she remembered that the delicious noodles was made by Lin Yi, she could not bear to chase him away. So she decided to let it slide. Filling her stomach was top priority.

This was the first time Chen Yu Shu had such delicious noodles. Most of the time, she would just have some instant noodles and milk before going to school. This was the first time she had authentic handmade noodles.

Although she was very impressed with Lin Yi, she did not want Lin Yi to be complacent. So she decided to not voice out her complements. She simply ignored Lin Yi and quietly consumed her noodles.

Lin Yi was rather happy that Chen Yu Shu was ignoring him. He was worried that this girl would start creating trouble for him again. So he quickly finished his bowl of noodles. When he wanted to get a second helping from the pot, he remembered Chen Yu Shu and asked, “Do still want more?”

“Nope.” replied Chen Yu Shu as she shook her head. “Help me get a cup of water.”

“Aren’t there drinks right behind you?” said Lin Yi as he pointed to the refrigerator behind Chen Yu. Having said that, he started to fill his bowl with a second helping of the noodles.

“It is not good to drink fruit juice in the morning. Water is much healthier.... Why do you have to ask so much? So do you want to get me a drink or not?” replied Chen Yu Shu in an annoyed voice as she stared at him.

“Sure....” Lin Yi placed his bowl of noodles on the table, and headed for the kitchen to get Chen Yu Shu a cup of water. ‘I don’t have a choice, do I? She is holding on to my weaknesses ’

“Where is your cup?” asked Lin Yi when he remembered that he did not know which one Chen Yu Shu’s cup was.

“Oh, it is in the cabinet below the water dispenser. The pink one is mine.” Replied Chen Yu Shu.

Lin Yi nodded and walked towards the water dispenser.

“Ah.....So sleepy. Stupid alarm clock.” Chen Yu Shu yawned and started walking down the stair drowsily. She did not have a very good sleep. The first half of the night, she was distraught that her first kiss was gone. Then she spent the second half crying and lamenting to Chen Yu Shu and finally fell asleep when she could not withstand the drowsiness. But after a night of sleep, Chu Meng Yao was not that bothered about yesterday’s incident.

But, Chu Meng Yao was now very tired. She felt that she did not sleep much when the alarm clock rang. Although she felt like sleeping a while more, but when she remembered that she still had school today. She had no choice but to get out of bed.

When she realized that Chen Yu Shu was not beside her, she was surprised. ‘Didn’t I talk to her till very late at night? So she should have slept much later than me. Why did she wake up so early?’

When Chen Yu Shu came down, she got a whiff of food. Since she did not eat much yesterday, and she even vomited everything that she ate, Chu Meng Yao was now very hungry. She felt like she was about to drool when she got a whiff

of food. “Xiao Shu, what are you eating? It smells so nice.”

Chu Meng Yao scampered into the dining room, and saw that Chen Yu Shu was currently eating a bowl of noodles. When she noticed that there was another bowl of noodles in front of Chen Yu Shu, she was delighted, “Ha, I knew Xiao Shu wouldn’t forget to get me. You even prepared my share. Thank you!”

Chen Yu Shu was currently drinking the soup, when she heard what Chu Meng Yao said. Before Chen Yu Shu could say anything, Chu Meng Yao already picked the chopstick and started eating. “Uh....”

Chen Yu Shu sighed. She was speechless. She then thought to herself, ‘This is really not my fault, who told you to be so quick? You didn’t give me any chance to say anything before starting to eat it!’

“This smells so nice and it is so delicious” Chu Meng Yao was really hungry. She could not stop eating after she tasted it. She started to complement it as she ate, “Xiao Shu, where did you get this?”

“I didn’t buy this.....Shield-ge made this.” Replied Chen Yu Shu. She shrugged her shoulders and looked Chu Meng Yao sympathetically. Chen Yu Shu could not bear to break the news and hurt her fragile heart again.

“Ah!” exclaimed Chu Meng Yao, “Made by him? I don’t want to eat anything that was made by him.....” and was about to put down the chopsticks.

Chen Yu Shu thought to herself, ‘You say you don’t want to eat, but you have already eaten it. But then again, you have already tasted Lin Yi’s saliva, so it should not matter so much, since you must have gotten used to it already.....Haha’

“Hmpf, it is not the food’s fault. So, I am definitely eating it!!!” When Chu Meng Yao put down the chopsticks, she felt that her mouth would start to water again. Unable to withstand the temptation, she picked up the chopsticks again and said, “Eating the food he prepared doesn’t mean that I forgive him. I didn’t eat yesterday, so I am hungry. These noodles are only acceptable right? Xiao Shu?”

“Ok, if you say so....” Although Chen Yu Shu wanted to see Chu Meng Yao’s reaction if she found out that she had once again consumed Lin Yi’s saliva, but

she felt that Chu Meng Yao was pitiful enough, so she decided that it was best not to say anything.

Chapter 19: Please wait a moment

“Your drink!” Lin Yi returned with the drink from the kitchen. To his surprise, he saw Chu Meng Yao sitting on his sit, eating his noodles....

“Oi, Xiao Yao said that the noodles you prepared is very delicious!” said Chen Yu Shu as she turned her head to face Lin Yi and received the cup from him. She gave Lin Yi a stare, hinting to him not to say anything.

“Oh.....” Replied Lin Yi as he nodded his head stiffly, acknowledging Chen Yu Shu’s message. ‘I am not full yet. If I knew this was going to happen, I would have prepared more.’ Lin Yi thought to himself.

“What are you doing, standing over there? You are making me lose my appetite!” frowned Chu Meng Yao. Naturally, she did not notice the mini conversation that Chen Yu Shu and Lin Yi had. Chu Meng Yao was simply not used to having a guy staring at her while she eat.

Lin Yi turned, exited the kitchen and returned to his room. He felt that it is not worth getting angry at this kind of young mistress. Although Chen Yu Shu was a little mischievous, she was easier to handler than Chu Meng Yao.

Lin Yi then went to pack the stuff required for school. Although he have already self-studied all the high school subjects, Lin Yi decided to still put up a

appearance since this was his first day in school.

“Very delicious, is there more?” Soon, the large bowl of YangChun noodles was finished by Chu Meng Yao.

“Nope, that’s all. If you want more, you can get Shield-ge to make more for you.” Chen Yu Shu was very jealous of Chu Meng Yao ‘Why doesn’t she get fat? She always consumes more food than me, but she still weighs lighter than me?’

Chen Yu Shu was actually not fat at all. She was simply shorter than Chu Meng Yao, so she would look a little fleshy. But the good thing was all these ‘extra’ flesh all grew in her breast and butt. This actually made Chen Yu Shu a little proud.

“Don’t mention him.” Replied Chu Meng Yao as she once again sucked on the chopsticks tips. Although it was a little regrettable, she would never go ask Lin Yi for anything.

Looking at Chu Meng Yao’s action, Chen Yu Shu had a little cold sweat, and thought to herself, ‘Yao Yao, why do you like Lin Yi’s saliva so much?’

When the two girls finished their noodles, she hurried upstairs to wash up and change their clothes. Lin Yi then entered the kitchen and cleared the dishes on the table. Although it was not Lin Yi’s job to do these chores, since Uncle Fu always got someone to clean up the house daily, but Lin Yi was too used to these chores, and did everything naturally.

When Lin Yi was washing the dishes, Mighty General came into the kitchen. When it noticed Lin Yi, it stared at Lin Yi cautiously. Lin Yi noticed the dog, but he choose to ignore it. Soon, Mighty General turned and left.

Honestly, dogs are very sensitive creatures. They can easily sense those that are stronger than itself. Since Lin Yi did not show any hostility towards him, Mighty general dare not bother him.

Soon, the dishes were cleaned and placed into the disinfecting machine. Chu Meng Yao also finished changing from her home clothes to an attractive outfit.

Although the school rules stated that students were required to wear the school uniform unless there was a legit reason, but most of these high school students who were in the rebellious age, choose not to adhere to the rule.

Of course, there would be the few exceptions and Lin Yi was one of them. He felt the school uniform's material. He was really happy and he thought, 'These uniform are made with very good materials. It is way better than the clothes I brought with me.' Therefore, to Lin Yi, this set of uniform was his current favorite set of clothes.

Although Lin Yi got the chance to wear some really high quality clothes when he accompanied Gramps Lin out to train, but those clothes were all rented, so they had to be returned in the end.

At exactly 7pm, Uncle Fu's car arrived at the villa's doorstep. Chu Meng Yao and Chen Yu Shu carried their cute little school bags and exited the villa with Lin Yi following right behind them.

As usual, Lin Yi sat on the front passenger seat while Chu Meng Yao and Chen Yu Shu sat comfortably at the back. Uncle Fu then started the engine, turned to Lin Yi and asked "How is it? Have you gotten used to it?"

"I'm fine." Replied Lin Yi as he nodded his head.

"He's fine but I am not!" Before Uncle Fu could reply, Chu Meng Yao interrupted and said, "I'm about to call dad."

"Mr Chu departed for Newport city for a meeting this morning. He should be on the plane now." Said Uncle Fu. "Miss Chu, Mr Chu wanted me to tell that he will not be around these few days. So Lin Yi will be taking care of you."

"Him? Look after me?" Chu Meng Yao stared, "Uncle Fu, how is he supposed to look after me?"

"I'm just passing you Mr Chu's message. He trusts Mr Lin Yi a lot." To be honest, Uncle Fu himself was also confused. He too could not tell what was so special about Lin Yi, but being Chu Peng Zhan's loyal subordinate, he would never doubt Chu Peng Zhan's decision.

Chu Meng Yao pouted. She knew that Uncle Fu was her father's spokesman, so he would never go against her father's decision. In addition to that, since her father was still on the plane, he would definitely not be able to answer the phone. Chu Meng Yao had no choice but to put up with Lin Yi for a few days, until her dad returned.

‘When the time comes, considering how much daddy spoils me, I don’t believe I can’t get rid of Lin Yi!’ Now Chu Meng Yao felt better.

Lin Yi had always longed to experience school life, but the mountain where he live in did not have a school. In fact there were not a lot of educated people there.

Other than Gramps, the only other person was Er Gouzi (Lin Yi’s childhood friend). He was even the one that taught Er Gouzi how to read. Now that he thought about Er Gouzi, he suddenly felt that he missed him a lot. ‘Wonder how is he now??’

Soon the car reached the gates of <First High> and Uncle Fu pulled over the car. Just when Lin Yi was about to leave the car, he was stopped by Chu Meng Yao. “Wait a minute!”

“Hmmm?” Lin Yi paused and turned to face Chu Meng Yao. He was a little confuse since Chu Meng Yao rarely spoke directly to him.

“Don’t leave first. Wait till Xiao Shu and I enter the school before you leave. I don’t want anyone else to misunderstand!” said Chu Meng Yao in an overbearing tone.

Lin Yi was fine with that arrangement. ‘You are the young mistress. Your wish is my command.’

“Hehe, young mistress is just like that, a little selfish. Please don’t mind her.” Sensing Chu Meng Yao’s hostility towards Lin Yi, but there was nothing he could do about that.

“It’s fine” Lin Yi shook his head, “Uncle Fu, let’s just get straight to the point. My existence here is not really important. Chu Meng Yao doesn’t need a study buddy or a babysitter. So can you please tell me the truth? The actual reason why Mr Chu hired me was to be Chu Meng Yao shield and get rid of those flies (the boys after her) right? ”

## Chapter 20: The Dean's Weakness

This was a problem that had been bothering him since yesterday. 'If Chu Peng Zhan really wanted a tutor (\*\*will be using tutor instead of study buddy which I have been using for the previous chapters. I think that tutor sounds more correct), wouldn't it be more efficient if he just employed a professional tutor instead, if it was simply to help Chu Meng Yao with her studies?'

'As a matter of fact, for someone with such a family background, her result should not even matter. Regardless what her result is, even if she fails, Chu Peng Zhan should still be able to get her into one of the best universities through his connections.'

"So you noticed?" Uncle Fu was a little stunned, he did not expect Lin Yi to notice the issue so quickly.

"So I was right?" Lin Yi asked.

"Actually, I am not sure what Mr Chu's plan is," Uncle Fu sighed. "Although I am very close to Mr Chu,I still don't really understand what his real intention are."

Lin Yi rolled his eyes when he heard the Uncle Fu's useless answer.

"But Mr Chu told me to pass you a message. He asked you to take care of

young mistress and not think too much about it.” Uncle Fu carefully repeated Chu Peng Zhan’s message to Lin Yi. “Try to give her some love.... that child grew up without getting much love from her parents....”

Lin Yi was speechless. ‘What is this family trying to do? Lacking love? You want me to give her some love? Is this a joke!? Yesterday, before I met Chu Meng Yao, I thought that Chu Peng Zhan’s method for looking for a son-in-law was a little weird. I even thought that it might not have been such a bad thing after all, after I met the youthful and attractive Chu Meng Yao ... but will Chu Meng Yao fall in love with me? It is more likely to be hatred than love’

Lin Yi did not say anything else to Uncle Fu. He simply nodded and alighted the car.

“Did you manage to find out who the hell that worker is?” demanded Zhong Ping Liang while he rubbed his still sore ass. ‘Because of that person, I wasn’t able to lie flat and sleep.’

“Nope. Last night Zhang Nai Bao and I went to a few construction sites, but we were unable to find that person!” Gao Xiao Fu shook his head and said “Liang-ge (Zhong Ping Liang ), maybe he is still looking for a job”

“I don’t care what you do. Find that person! That mother fucker dared to kick my ass! I am not going to let him off that easily!” Zhong Ping Liang said menacingly.

“Roger! Liang-ge!” replied Gao Xiao Fu in assurance.

Lin Yi carried the bag and went to school. He really enjoyed this feeling. ‘So this is campus life! The legendary place where people fall in love!’

Lin Yi’s school bag was the standard school-issued sling bag. It looked really dull, so most students like Chu Meng Yao and Chen Yu Shu, would rather use their own bags. Only those not so well off students would wear the school uniform and use the free of charge school issue bag.

Immediately after Lin Yi entered the school gate, he noticed Zhong Ping Liang and his goons. ‘Aren’t they the people who were bothering Chu Meng Yao yesterday?’ Since they did nothing to provoke Lin Yi, he decided to ignore them. So Lin Yi walked passed them.

“Liang-ge, don’t you think that that bastard looks very familiar?” asked Zhang Nai Bao as he stared at Lin Yi’s back view.

“I am talking about something very serious here! Who cares whether he looks familiar or not?!” snapped Zhong Ping Liang as he frowned.

“Liang-ge, I find that person very familiar too.....he looks like.....looks like....” Gao Xiao Fu scratched his head, trying hard to recall something.

“Looks like what? Fucker, If you have anything you want to say just say it!” cursed Zhong Ping Liang.

“Looks like the worker who kicked your ass yesterday!” Zhong Nai Bao exclaimed “Yup! That is it! Liang-ge, that is definitely him!”

“Seriously?” Zhong Ping Liang got excited when he heard that his attacker was found. “Then what are you waiting for?! Get him!!!”

“Chase!” Gao Xiao Fu and Zhang Nai Bao immediately ran toward the direction which Lin Yi went.

Lin Yi was on the way to the dean’s office to submit his personal particulars and other documents. Chu Peng Zhan had already made the necessary arrangement, so all Lin Yi had to do was to report to the office.

Lin Yi knocked the door of the dean’s office, but no one came to open the door for him. He looked at his watch and realised that it was only 0730. School officially starts at 0800. So he must have been too early.

Having realised that, Lin Yi leaned on the dean’s office’ door and waited patiently for the dean to arrive.

“hmm....Ah...” A faint moaning voice could be heard. Ever since Lin Yi started cultivating using Xuan Yuan Yu Long Jue, his hearing became very sensitive. Although he was still unable to hear something if it was too far away, he was still able to hear more than normal people.

Having realised that the moaning noise came from the dean’s office. ‘I thought that there was no one in the office?’ Soon, Lin Yi smiled, he finally realised what was going on.

At 0800 sharp, the door of the dean’s office opened. A 30+-year-old charming

lady cautiously peeped out of the door gap. When she saw Lin Yi standing right outside the office, she was shocked, “You....What are you doing here?”

Lin Yi smiled, ‘Can’t you be less obvious. Your reaction alone gives you away immediately’

“I am here to report to the dean.” Replied Lin Yi, he could not be bothered to expose her.

“Oh, the dean is inside.” The lady who was trying very hard to keep her cool and said “You can enter.”

Lin Yi nodded his head and entered the office. There was a balding, middle-aged man sitting at the desk, trying to look like a professor. That sight made Lin Yi want to laugh.

“You....what is your business here?” Wang Zhi Feng panicked a little since he did not expect a student to come in to find him right after his lover just went out.

“I am Lin Yi. I am here to report to you.” Lin Yi took out his documents and passed them to Wang Zhi Feng.

“Oh, so you are Lin Yi. Alright.” Wang Zhi Feng nodded his head, immediately understood the situation. This was something that was personally arranged by a member of the school’s director of the board. So there was no way he could forget something like that. After he received Lin Yi’s documents, he started to run through the standard procedures.

Soon, everything was approved. Wang Zhi Feng stood up and said, “I will bring you to your classroom.”

“Sorry for the trouble, Dean Wang” replied Lin Yi in a respectful tone. Lin Yi knew that the Dean had a really high authority in the school, so in order to have a peaceful school life, it would be wise not to offend such a person.

“Haha, this is what I am paid to do.” Similarly, Wang Zhi Feng also dared not to act too self-important, since this student was arranged into the school by a member of the board of directors. So he accompanied Lin Yi out of the office.

“Did you just arrive?” probed Wang Zhi Feng.

“I was here for a while.” Replied Lin Yi honestly. There was no reason why he should lie. There were CCTVs in the corridor, so Wang Zhi Feng could check the CCTV’s feed if he wanted to know the truth.

“So you....” Wang Zhi Feng felt hesitant. He did not know what to say. It was all thanks to his lust, he was caught red-handed by someone.

“Relax, Dean Wang, I did not see anything. I also did not hear anything.” Lin Yi turn his head and replied while grinning.

Chapter 21:

When Wang Zhi Feng heard what Lin Yi said, he was stunned. 'This kid definitely knew what happened!' Wang Zhi Feng would not be that worried if Lin Yi just showed a flabbergasted expression. But from what he just said, even an idiot would understand that Lin Yi knew what happened.

But luckily that was all Lin Yi said. Since that basically, implies that Lin Yi did not want to make a fuss out of it. This made Wang Zhi Feng very relief. If this incident was to reach the ears of the principal or the board of directors, his would definitely lose his job.

"Haha!" Wang Zhi Feng let out a very awkward laughter. "Lin-tongxue (Lin-tongxue means Lin-student), in the future, if you encounter any problem, feel free to approach me! Remember to save my number into your contact list later."

"Thank you very much Dean-Wang!" Lin Yi immediately show his appreciation gratefully. Lin Yi reason for attending this school was to protect Chu Meng Yao, so his position in the school was rather special. As a bodyguard, he would definitely cause some problem and it will be rather troublesome if he had to contact Chu Peng Zhan to help mitigate the problem all the time, so it would not hurt to have someone in the school helping him.

From the looks of it, that Lin Yi had succeeded. As long as the problem he caused was not too serious, Wang Zhi Fen should be able to solve it for me.

After that, Lin Yi followed Wang Zhi Feng to the classroom of the class 3-5. When they reached the entrance, Wang Zhi Feng opened the door and entered the classroom. He waved his to the homeroom teacher and said “This is the transfer student, Lin Yi-tongxue (Lin Yi-tongxue -> Lin Yi-student). He will be in this class.”

Zhong Ping Liang stared at Lin Yi when he saw him enter the classroom. ‘Isn’t that the bastard that kicked me yesterday? This morning we failed to catch this bastard and let him escaped. But who knew that the bastard will turn up himself!’

“My name is Lin Yi, forest’s Lin (forest -> Sheng Lin) and elegant’s Yi (elegant -> Piao Yi)” Lin Yi gave a simple self-introduction and made his way to the seat that was arranged by the homeroom teacher,

Although the homeroom teacher knew that Lin Yi was someone with some background, but he could not simply change the student’s seat arrangement which was already decided at the beginning of the year. So he had no choice but to arrange for Lin Yi to the empty tables at the back of the classroom and think of a solution some other time.

Lin Yi himself was not concern about where his seat is, so he nodded his head and proceeded to his seat.

When Lin Yi was introducing himself, Chu Meng Yao lowered her head, while Chen Yu Shu stared at him like a curious child, which sent shivers down Lin Yi’s spin. ‘This girl (Chen Yu Shu) is more formidable than young mistress-Chu!’

Noticing that Lin Yi had to pass by Zhang Nai Bao to reach his seat, Zhong Ping Liang silently signal Zhang Nai Bao with his eyes, which was acknowledged with an ‘ok’ hand sign.

Of course, those little actions were noticed by Lin Yi. In fact, ever since Lin Yi noticed that Zhong Ping Liang was also a student of the class 3-5, he had been silently observing him.

Zhang Nai Bao stuck out his leg when Lin Yi was about to passed by his seat. He was trying to make Lin Yi trip and fall. When Lin Yi noticed this, he gave a disdain smile, and raised his foot and kicked the outstretched leg. But since this was his first day in school, he did not want to create too much trouble. So instead of

breaking the leg, all he did was stomp on the foot, causing Zhang Nai Bao to almost shout out in pain.

“Ah? What is this?” Lin Yi looked at Zhang Nai Bao innocently and apologised, “I am so sorry for stepping on your foot!”

“Zhang Nai Bao-tongxue (tongxue à student) is there a problem?” Mr Liu, the homeroom teacher, knew what kind of person Zhang Nai Bao was, but since he also had some family background, and he hangs around Zhong Ping Liang, so he dares not ask too much.

“N.....No problem...” replied Zhang Nai Bao as he shook his head. His face grimaced while trying to tolerate the pain. Naturally, in order not to be embarrassed in front on the class. Zhang Nai Bao refused to say the truth,

Zhong Ping Liang, who was seated near Zhang Nai Bao, knew what happened. But when he saw Zhang Nai Bao groaning in pain, and nothing happened to Lin Yi, he scowled at Zhang Nai Bao.

All Zhang Nai Bao could do was to stare at Lin Yi, swearing to himself that he will get back at him later. One thing Zhang Nai Bao was confused about was whether Lin Yi did that intentionally. Lin Yi’s reaction when he realised that he step on his foot, and the way he apologises, seems as if it was really coincident.

Lin Yi’s seat was not very far away from Chu Meng Yao and Chen Yu Shu’s seat. Simply by tilting his head, they will be in plain sight. Since his job was to take care of Chu Meng Yao, being able to constantly keep the both of them in sight was essential.

The first day in school for Lin Yi was very refreshing. He had never entered a classroom. Everything he knew about the classrooms, schools and the students are from the internet.

Knowing that the first class of the day is physics, Lin Yi opened his bag and took out the physics textbook.

“Today is Lin Yi-tongxue’s first day in school, hope that you will take care of this new student. I don’t want there to any cases of bullying of new students to happen. You are all third-year student, I hope that everyone will be able to graduate from the school. ” Mr Liu warned Zhong Ping Liang and Zhang Nai Bao,

especially at Zhong Ping Liang. As one of the [notorious four] in the school, bullying is bread and butter to him.

And of course, Zhong Ping Liang choose to ignore the warning.

Lin Yi was browsing through the textbook when a crush paper ball landed onto his desk. Lin Yi was stunned, 'Don't tell me Zhang Nai Bao is such a childish person? After failing to trip me, now he wants to throw paper balls at me? Isn't this kindergarten level?'

Lin Yi lifted his head and saw that Chen Yu Shu was smiling at him. That sends chills down Lin Yi's spine. 'Don't tell me this paper ball is from her?'

Chen Yu Shu pointed at the paper ball on Lin Yi table, and then she turns back to face the front. Lin Yi looked at the paper ball and then at Chen Yu Shu and thought, 'Don't tell me this is the legendary paper message?'

'Eh, if only this was given to me by a beautiful and gentle girl. Although Chen Yu Shu is beautiful, but she is definitely not gentle.'

Lin Yi slowing straightened out the crumpled paper ball. Since chances of Chen Yu Shu writing him a love letter is zero, it must be something else. As expected, a message written in small and neat girlish handwriting could be seen on the note. If Lin Yi did not know Chen Yu Shu in advance, he would have misunderstood her for being a prim and proper lady.

Chapter 22: Come with us, if you have balls!

“The person whose butt you kicked yesterday is also in the same class! They are currently plotting how to get back at you!” This was the message that was written on the paper.

Lin Yi smiled to himself after he read the message. He knew that Chen Yu Shu did not warn him out of kindness, simply to incite the situation. The truth was, Chen Yu Shu was also pretty annoyed with Zhong Ping Liang, so she simply warned Lin Yi, so he can prepare himself and take care of them.

The teacher that taught physics was a 50-year-old elderly. He might be old, but he knew the subject very well, so even though Lin Yi had already learned the current topic, but he still listened attentively to his class.

Soon after the first period ended, Zhong Ping Liang gestured to Gao Xiao Fu and Zhang Nai Bao to go outside the class and did not approach to find trouble with Lin Yi.

“Nai Bao, what is wrong with you?” Zhong Ping Liang stared at Zhang Nai Bao furiously. “I thought I told you to teach him a lesson?”

“Please don’t mention that Liang-ge. Just now when I stuck out my leg, and guess what? That bastard step onto my foot! It hurts like hell!”

“Did he notice it?” Zhong Ping Liang asked with a frowned. Since he was kicked

yesterday, he knew exactly how strong Lin Yi was. In addition to that, he also knew that Zhan Nai Bao's pain tolerance is very high.

"I don't think so. He didn't even look down." Zhang Nai Bao found this incident very suspicious too.

"FUCK, how can we get trashed by that villager twice in a row! After this is Physical education. We will trap him in the toilet, and let him learn the difference between piss and beer!!" Zhong Ping Liang said in a stern tone. Ever since he enrolled into this school, he was immediately branded as the "notorious four" of the school, so he had never suffered from such losses before.

"We must also teach him the difference between shit and cake!" added Gao Xiao Fu.

A young man who was dressed in black, with a cigarette in his mouth, walk towards the three while they were busy discussing. "Hey, Liang (Zhong Ping Liang)! What are you doing? Why look so serious?"

"Isn't this Ming-ge (Brother Ming)!" Zhong Ping Liang raised his head and saw another member of the school's "notorious four" Zhou Ruo Ming. The bad deeds that were committed by Zhou Ruo Ming much worse if compared to those of Zhong Ping Liang. There were rumours when Zhou Ruo Ming was in middle school, he dragged one of his female classmates into the tickets and raped her.

Zhou Ruo Ming nodded his head, he really enjoyed being classed "Ming-ge (Brother Ming)". His family background in not as strong as Zhong Ping Liang's. But because he more ruthless than him, and he also had a brother (not his actual brother) that is a member of a gang, so no one dares to mess around with him in school.

"Do you need any help from me, Ming-ge?" Zhou Ruo Ming asked.

"This is nothing. Just a poor village student. I will teach him who is the boss!" Naturally, Zhong Ping Liang did not want to embarrass himself in front of Zhou Ruo Ming, so he briefly explained the situation.

"What the fuck? You need to have a meeting to settle a villager!" When Zhou Ruo Ming knew what they were doing, he lost his interest and shook his head and left.

Recently, there was a mm (mei mei -> sister or a girl that is younger than you, I will be using mm for mei mei from now on) from year 3 class 9 that caught Zhou Ruo Ming' attention. He was currently rubbing his hands together, pondering about how to get her. The only thing was that this girl is cold beauty, so he was considering whether should he just force himself on her.

The reason why he referred to her as mm was because Zhou Ruo Ming was currently taking the high school remedial classes. Which was often known as "Year 4" student. These classes are there for those students that did not manage to get into any university. Although Zhou Ruo Ming could get into university if he paid some money. He himself choose to continue staying in high school. He enjoyed the influence and authority he had in this school, and it would not be the same if he entered university.

University students and high school students had different worldviews, if it is a foreign country, it would not be part of his family influence, so he would not be able to do as he please or he would get into serious trouble.

So, Zhou Ruo Ming told his father that he wanted to study in this school for one more year before taking the High school final exams (result from these exams will be used to apply for university). His father accepted his request and did not suspect his son's actual intentions.

Lin Yi managed to finish the first three classes in peace. As usual, he treated and ignored him like a stranger. During the three classes, there was not a single instance whereby she looked at him. On the other hand, Chen Yu Shu would occasionally sneak a few glance at him.

Naturally, Lin Yi knew that the reason for Chen Yu Shu's action was not because she had taken a liking to him. The actual reason must be because she wanted to see the fight between Lin Yi and Zhong Ping Liang.

After the third lesson, it was the usual physical education. Lin Yi stood up and when he was about to follow the rest of the class to the field, he saw Zhong Ping Liang, Zhang Nai Bao and Gao Xiao Fu walked towards him.

The reason why Lin Yi knew why their target was him and not anything else was because his seat was at the end of the classroom. Even if they wanted to leave the classroom, there was no reason why they should be walking towards

his direction.

“Yay! Yao Yao, look! That idiot Zhong Ping Liang is going for shield-ge!” For the past few lessons, Chen Yu Shu had been paying attention to Zhong Ping Liang and Lin Yi. So when she saw Zhong Ping Liang finally approached Lin Yi, she felt a surge of excitement.

Chen Yu Shu had longed to see a distress Zhong Ping Liang, but out of respect for her elders, she decided to do directly do anything to Zhong Ping Liang. Now she is really excited since there is someone there to help her.

“Oh? It would be great if Zhong Ping Liang can teach that jerk a lesson!” Chu Meng Yao’s anger had yet to disappear.

“What? Yao Yao, what are you on Zhong Ping Liang’s side?” Chen Yu Shu was a little confused. “Don’t tell me you like Zhong Ping Liang?”

“Who in hell will like him? It’s just that I hate Lin Yi more!” rebutted Chu Meng Yao. “Let not bother him, let’s go”

“Don’t, I want to spectate. I want to know who will win!” Chen Yu Shu pulled Chu Meng Yao, refusing to let her go.

“Alright, I will just stay and see which jerk get beaten up more badly, just to quench my anger!” Although that was what Chu Meng Yao said, but in her heart, she was silently hoping that Lin Yi will not lose. Chu Meng Yao might have found Lin Yi hateful, but when compared to that abominable Zhong Ping Liang, that amount of hatred was nothing.

Therefore, the two curious girls peeked into the classroom through the door to see what was happening inside.

“Bastard, do you know why we are here?” demanded Zhong Ping Liang in an intimidating tone while pointing his finger at Lin Yi as he stood right in front of Lin Yi.

“I know. I kicked your ass yesterday, causing you to face plant on the ground.” Replied Lin Yi in a calm voice, as if it was nothing serious.

“Fuck! Then why are you still so cocky? You are just too full of yourself!” Zhang Nai Bao stares at Lin Yi and reaches out his hands for Lin Yi’s collar.

“Has your foot stopped hurting?” Lin Yi asked Zhang Nai Bao in a ridicule tone as he dodged the avoided the incoming hands.

Zhang Nai Bao’s face turned red in embarrassment. He was very ashamed about what happened! And as expected, Lin Yi did that on purpose!

“Bastard, if you have balls, come with us to the toilet! This is the classroom, there is a lot of people. It would not benefit anyone if either of us was caught by the Dean.” Zhong Ping Liang was also very furious with Lin Yi’s reaction. ‘Is he an idiot? Why is still so calm? Don’t he know the three of us are here to teach him a lesson?’

### Chapter 23: Raining in the toilet

“Sure! No problem! I was just about to go to the toilet.” Lin Yi was glad when he heard what Zhong Ping Liang said. Although the Dean’s Achilles heel was in his hands, but he was not confident that the Dean will help him if things go wrong. Therefore, it would be best if these goons can help him find a place where there would be any witnesses.

Zhong Ping Liang and his goons (Zhang Nai Bao and Gao Xiao Fu) were dumbfounded when Lin Yi agreed without any hesitation. In the past, when their victim heard the phrase “go to the toilet” from them, they would be scared shitless and would immediately start begging for mercy. No one was brave enough to simply agree with them.

“Alright then, let’s go!” Zhong Ping Liang did not like to speak to Lin Yi. There was never any satisfaction obtained from oppressing him.

“Look! Yao Yao-jie (yao yao-sister) look! Shield-ge looks so cool!” The hyped up Chen Yu Shu started waving her fist around. “Things are starting to look interesting!”

“I think he must have hit his head quite badly (implying he is an idiot). 1 vs 3, he sure knows how to put up an act.” Chu Meng Yao smirked.

When Lin Yi, Zhong Ping Liang and his goons exited the classroom, they saw Chu Meng Yao and Chen Yu Shu waiting at the entrance. Lin Yi was not surprised

to see them. He knew Chen Yu Shu would definitely want to spectate. When Zhong Ping Liang saw them, he put on his best smile and asked, “Yao Yao, why are you doing here?”

“Why can’t I be here? I will be where I want to be, and it is none of your business!?” Chu Meng Yao rolled his eyes and asked, “As a matter of fact, what are you doing?”

“Oh, Me? ...This villager doesn’t know his place. I am just about to teach him where he stands.” Zhong Ping Liang currently still does not know that Lin Yi was acquainted with Chu Meng Yao. He feels that most girls are attracted to strong men. So by demonstrating his prowess in their presence, he will look strong and thereby instil a sense of security in them. Because of this belief, Zhong Ping Liang always try his best to look arrogant and despotic while in Chu Meng Yao’s presence. Little did he know that it only made Chu Meng Yao despise him more.

“Oh, then you better teach him a lesson!” replied Chu Meng Yao as she stared at Lin Yi and thought, ‘This is retribution for taking advantage of me ’

“Sure, no problem!” Zhong Ping Liang was delighted that Chu Meng Yao showed approval to his actions. He thought, ‘So Chu Meng Yao likes to see him bully people! Didn’t know that she likes delinquents. If only I knew about this earlier, she would already have been my girlfriend.’

“Good luck Lin Yi, good luck Lin Yi!” Out of the blue, Chen Yu Shu started cheering for Lin Yi.

Zhong Ping Liang was very confused, ‘I thought these two girls are BFF? Does Chen Yu Shu like Lin Yi, the villager?’ Although Zhong Ping Liang was a little unhappy that she was rooting for Lin Yi, but he dares not provoke this little devil. Chen Yu Shu’s brother can easily send him to his creator with a single punch.

“Xiao Shu, why are you cheering for him?” Frowned Chu Meng Yao.

“You are cheering for Zhong Ping Liang, so I will cheer for Lin Yi. It would be fair this way.” Chen Yu Shu argued plausibly.

Lin Yi did not stop to wait for them. He went straight to the toilet.

“Hey! Can’t you guys do it here instead of the toilet?” asked Chen Yu Shu, who did not want to miss any of the action.

Zhong Ping Liang pointed at the toilet helplessly, indicating to her that Lin Yi already went ahead into the toilet, so there nothing he can do about it. His plan was to commit the act at the corridor. Although there be a risk of the Dean noticing, but as long as the girls are happy, he is willing to take the risk.

Unlike those thugs found on the streets, who are not afraid of anything, students like Zhong Ping Liang are afraid of the Dean and the teachers. They may be delinquent, but at the same time, they are still students. They will still get into serious trouble if the school reports their wrong doings to their parents.

These students only got into the school through monetary means, so the school knew that they were not, and never will be good in their studies. So as long as the trouble they caused were not too serious, the Dean and the teachers will choose to turn a blind eye to their deeds.

“Hmm, why don’t you just follow us in and enjoy the show?” suggested Zhong Ping Liang after some hesitation.

“That is the male toilet!” Chen Yu Shu pointed at the male symbol on the door and said, “Xiao Liang (little Liang -> Zhong Ping Liang), are you trying to get us into trouble?”

Zhong Ping Liang was displeased with the nickname Xiao Liang, he decided swallowed his pride. He forced a smile and replied, “Nothing to worry about. No one goes to the toilet at this time of the day!..... We will go first.....”

The reason why Zhong Ping Liang was in a hurry was because he was worried that Lin Yi will lock himself in one of the cubicles.

“Yao Yao-jie (Yao Yao sis), why don’t we go too?” Chen Yu Shu really did not want to miss any of the actions. She wants to see Lin Yi beating the crap out of Zhong Ping Liang.

“I don’t think this is a good idea.” Chu Meng Yao was hesitant since she had never been into a male toilet.

“Aiya! There is nothing to worry about. Didn’t Zhong Ping Liang assure us that no one goes to the toilet at this time!” replied the impatient Chen Yu Shu as dragged Chen Yu Shu by the hand towards the toilet.

“Haaaaa!” Chu Meng Yao let out a sighed, and gave in to Chen Yu Shu., but she

had a bad premonition that something bad was going to happen.

The truth is, Lin Yi really wanted to go to the toilet. In the morning, he had a very large bowl noodle soup. In addition to that, wanting to get used to school, he did not have time for toilet breaks.

The toilet was in very decent condition, with the cubicles and urinals. Unlike the latrines back there at the village.

While Lin Yi was urinating, he heard footsteps approaching him. From the reflection of the windows, he could clearly see Zhong Ping Liang, Zhang Nai Bao and Gao Xiao Fu approaching.

“What the.... He still has the mood to urinate!” Gao Xiao Fu started to doubt Lin Yi sanity.

“Let me show you how it is done!” Sneered Zhong Ping Liang as he walked towards Lin Yi. He wanted revenge for what Lin Yi did to him yesterday.

Males are very vulnerable when they are urinating, if he received a fright during the act, he might develop some kind of trauma. That was exactly what Zhong Ping Liang wanted to do.

That was one of the reasons why Zhong Ping Liang chose this time to attack him. The other reason was because he wanted Lin Yi to fall forward and into the urinal. Just by thinking about it brought a crooked smile to Zhong Ping Liang’s face.

Lin Yi smirked. From the window’s reflection, he was aware that Zhong Ping Liang was approaching. Just when Zhong Ping Liang was right behind him, Lin Yi suddenly turned around to face him, and a stream of urine came flying towards Zhong Ping Liang.

“AH!!!!” Zhong Ping Liang was shocked. He did not foresee that happening and tried to dodge to one side. But to no avail, the stream of urine was too fast.

While he was screaming, he felt a stream of warm liquid hit his face. To top it up, since he was screaming, his mouth was wide open. So he was unwillingly fed a mouthful of urine.

As he was struggling to avoid Lin Yi’s urine, he slips and fell face down into the

puddle of urine which was forming on the floor.

“AH!!!!!!” Together with Zhong Ping Liang’s scream, two more screams could be heard. They were from Chu Meng Yao and Chen Yu Shu!

## Chapter 24 Defiled

The two girl happily made their way to the toilet and peeped in to watch the fight. Little did they know that the first thing they will see would be the sight of Lin Yi spraying Zhong Ping Liang with his “water gun”

Chu Meng Yao thought that she was going nuts. ‘What is going on? I thought Zhong Ping Liang said that no one will be using the toilet now? Then what is Lin Yi doing now?’ Chu Meng Yao immediately covered her eyes with her hands. “PERVERT!!!!!!” after screaming, she sped away.

Although Chen Yu Shu screamed too, but she did not cover her eyes. Out of curious, she took a few more glances before running after Chu Meng Yao. As she ran she mumbled to herself. “The male’s genitals, as taught in the textbook, really can change its size! I remember clearly that it was a lot larger in the morning, but now it is a lot smaller. This so interesting!!”

“What are you talking about, Xiao Shu?” asked the puzzled Chu Meng Yao when she heard Chen Yu Shu mumbling to herself.

“N... Nothing...” Chen Yu Shu blushed. ‘Thank goodness Chu Meng Yao didn’t hear what I say, or it would be too embarrassing’

“I can’t take this anymore. I am breaking down” Chu Meng Yao turned and sped back to the classroom, cursing to herself as she ran. “What a jerk. How can he flash that ugly thing to me? I am done for.....I feel defiled”

Chen Yu Shu smirked and thought ‘One glance and you are defiled? I even took a second glance. What does that make me? A loose woman??? All we did was look, it’s not like it will kill us... As a matter of fact, Lin Yi should be the one feeling down for being seen’ When she realised that, Chen Yu Shu tried to comfort Chu Meng Yao, “Yao Yao-jie... That was the gents. We are the ones at wrong for trying to peep.”

“Oh!” Chu Meng Yao finally realised what was the problem. Lin Yi wasn’t at fault. There is nothing wrong with him relieving himself there since that was the gents. In fact, she was the one at fault for trying to peep. Then, Chu Meng Yao frowned as remembered the root of the problem. “Wait a minute, you were the one that pulled me in!”

“Nope. Definitely not me. It was Zhong Ping Liang. He told us that not one will be using the toilet at this time, and suggested us to go in” Chen Yu Shu refused to admit it and instinctively pushed all the blame onto a scapegoat, Zhong Ping Liang.

“Ha...” Chu Meng Yao let out a dejected sigh at her misfortune. She who had never seen anything so grotesque in her entire life received quite an ordeal after what just happened. There was nothing she could do. Just yesterday, she even tasted Lin Yi’s drink. There was no one to blame but herself.

‘I must get rid of Lin Yi ASAP, and get my peaceful lifestyle back. Ever since this guy showed up, my every day was thrown into chaos. It has only been two days, and not only have I lost my first kiss, but also made to see such a disgusting object. Can’t even imagine what would happen if he is allowed to stay with me for 2 months.’

Chu Meng Yao had made up her mind. The moment her father is back; she must get rid of Lin Yi at all cost. Or her chastity might be in danger.

Zhong Ping Liang’s scream was not a surprise to Lin Yi. It only made this prank more enjoyable. However, Chu Meng Yao and Chen Yu Shu’s scream gave Lin Yi a shock.

‘WTF! What are these two girls doing in the male toilet?’ Lin Yi frown, ‘Why are they screaming when they are the peeping tom? Can’t they act more professional when they peep?’

‘The most important rule of peeping is to be discreet!!! How can you give your victim a fright and still call that peeping??’

Lin Yi pulled up his pants and walked blatantly towards the exit.

“Where do you think you are going!!” Roared Zhang Nai Bao and Gao Xiao Fu as they hurried over to block Lin Yi path.

“Take a look at your boss. It would be best if you can get him something to change into. The other students are returning soon. His reputation will be sullied if they saw him in this state” Lin Yi sneered as he took another glance at Zhong Ping Liang, who was still lying in the puddle of urine, groan in pain.

Zhong Ping Liang fell backwards and landed on his yet to recover swollen butt. That caused Zhong Ping Liang so much pain that it prevented him from standing up.

“This....” Gao Xiao Fu was in a dilemma. What Lin Yi mention was indeed important. Reputation is very important to them, especially if they want to continue to be delinquents. If someone saw Zhong Ping Liang in this state, he will become the school laughing stock.

“Hmpf!!!! You haven’t seen the last of us!!!” Zhang Nai Bao knew that this was not the best time to continue messing around with Lin Yi, and these will definitely plenty of opportunities. “You better watch you back!!”

“Suit yourself.” Lin Yi shrugged and strides out of the toilet.

“What are you two piece of shit doing. Come help me out!” Commanded Zhong Ping Liang. After Lin Yi’s warning, Zhong Ping Liang realised the seriousness of the current situation. He really cannot afford to let anyone see him like this.

“Liang-ge (Liang bro), your body....” Zhang Nai Bao felt repulsed when he saw the drenched Zhong Ping Liang. After all, that was not water but urine. If he was to help him up, urine will definitely get onto him.

Gao Xiao Fu had similar thoughts. He reached out his hands but hesitated in the end.

“Is it too dirty?” asked Zhong Ping Liang as he frowned unhappily. He stretched out his hands and wipe them on Zhang Nai Bao and Gao Xiao Fu. Soon, the two of them are also covered in urine.

The two gave a bitter smile. There was nothing they could do but to accept their fate and help Zhong Ping Liang. Going back to the classroom was no longer a choice, so they have to look for somewhere to wash up and change their clothes.

The three of them sneaked out of the school through the school back entrance. They wanted to teach Lin Yi a lesson, turned out, they were taught a lesson by him. This made Zhong Ping Liang very angry, but instead of avoiding Lin Yi, it only intensified his thirst for revenge.

He found it unforgivable for Lin Yi to flash his dick at Chu Meng Yao. It felt as if it was his woman who was humiliated. Although Chu Meng Yao was not his woman yet, but he was confident that that day would come by soon.

Chu Meng Yao would definitely like someone, like him, with such an influential family. Zhong Ping Liang felt better after he comforted himself with that.

Lin Yi reached the classroom, but the physical education had yet to end. Back in the village, he heard about the term physical education, but he was rather surprised that such a school, from such a big city, had this kind of curriculum. ‘How can the school specially allocate a time slot of physical education?’ (apparently, Lin Yi misunderstood physical education (间操 – jian cao which can also mean in between activity sex) as something perverted)

This was clearly Lin Yi’s misunderstanding. Physical education was just a class for student do some exercise in the school hall. From this misunderstanding, we can tell Lin Yi was not simply a villager, but a very perverted one.

When Chu Meng Yao saw Lin Yi entered the classroom, she turned away fiercely with a ‘humpf’. Just moments ago she was still hoping that Zhong Ping Liang and his goons will beat him up, quenching her anger. Apparently, Zhong Ping Liang lost, since Lin Yi currently safe and sound in the classroom.
